FORWARD- LOOKING STATEMENTS

This Annual Report on Form 10-K ("Form 10-K") of Wheeler Real Estate Investment Trust, Inc. contains forward-looking statements, including discussion and analysis of our financial condition, anticipated capital expenditures required to complete projects, amounts of anticipated cash distributions to our shareholders in the future and other matters. These forward-looking statements are not historical facts but are the intent, belief or current expectations of our management based on its knowledge and understanding of our business and industry. Forward-looking statements are typically identified by the use of terms such as "may," "will," "should," "potential," "predicts," "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates," or the negative of such terms and variations of these words and similar expressions. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements.

Forward-looking statements that were true at the time made may ultimately prove to be incorrect or false. You are cautioned to not place undue reliance on forward-looking statements, which reflect our management's view only as of the date of this Form 10-K. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results. Factors that could cause actual results to differ materially from any forward-looking statements made in this Form 10-K include:

- our business and investment strategy;
- our projected operating results;
- actions and initiatives of the U.S. government and changes to U.S. government policies and the execution and impact of these actions, initiatives and policies;
- the state of the U.S. economy generally and in specific geographic areas;
- economic trends and economic recoveries;
- our ability to obtain and maintain financing arrangements;
- financing and advance rates for our target assets;
- our expected leverage;
- availability of investment opportunities in real estate-related investments;
- changes in the values of our assets;
- our ability to make distributions to our stockholders in the future;
- our expected investments and investment decisions;
- changes in interest rates and the market value of our target assets;
- our ability to renew leases at amounts and terms comparable to existing lease arrangements;
- our ability to proceed with potential development opportunities for us and third-parties;
- effects of hedging instruments on our target assets;
- the degree to which our hedging strategies may or may not protect us from interest rate volatility;
- impact of and changes in governmental regulations, tax law and rates, accounting guidance and similar matters;
- our ability to maintain our qualification as a real estate investment trust ("REIT");
- our ability to maintain our exemption from registration under the Investment Company Act of 1940, as amended (the "Investment Company Act");
- availability of qualified personnel and management team;
- the ability of our operating partnership and each of our other partnerships and limited liability companies to be classified as partnerships or disregarded entities for federal income tax purposes;
- our ability to amend our charter to increase or decrease the aggregate number of authorized shares of stock, to authorize us to issue additional authorized but unissued shares of our preferred stock and to classify or reclassify unissued shares of our preferred stock;
- our understanding of our competition;
- and
- market trends in our industry, interest rates, real estate values or the general economy;
- the imposition of federal taxes if we fail to qualify as a real estate investment trust ("REIT") in any taxable year or forego an opportunity to ensure REIT status;
- uncertainties related to the national economy, the real estate industry in general and in our specific

markets;

- legislative or regulatory changes, including changes to laws governing REITs;
 - adverse economic or real estate developments in Virginia, Florida, Georgia, South Carolina, North Carolina, Oklahoma, Kentucky, Tennessee, West Virginia and New Jersey;
 - increases in interest rates and operating costs;
 - inability to obtain necessary outside financing;
 - litigation risks;
 - lease-up risks;
-

[Table of Contents](#)

- inability to obtain new tenants upon the expiration of existing leases;
- inability to generate sufficient cash flows due to market conditions, competition, uninsured losses, changes in tax or other applicable laws; and
- the need to fund tenant improvements or other capital expenditures out of operating cash flow.

These forward-looking statements should be read in light of these factors.

Part I

Item 1. Business

Overview

Wheeler Real Estate Investment Trust, Inc. is a fully-integrated, self-managed commercial real estate investment company focused on acquiring and managing income-producing retail properties with a primary focus on grocery-anchored centers. Our strategy is to opportunistically acquire and reinvigorate well-located, potentially dominant retail properties in secondary and tertiary markets that generate attractive risk-adjusted returns, with a particular emphasis on grocery-anchored retail centers. We target competitively protected properties in communities that have stable demographics and have historically exhibited favorable trends, such as strong population and income growth. We generally lease our properties to national and regional retailers that offer consumer goods and generate regular consumer traffic. We believe our tenants carry goods that are less impacted by fluctuations in the broader U.S. economy and consumers' disposable income, generating more predictable property level cash flows.

As of December 31, 2014, we own a portfolio consisting of thirty-six properties, including twenty-four retail shopping centers, six freestanding retail properties and one office property, totaling 1,904,146 gross leasable square feet of which approximately 96% are leased and five undeveloped land parcels totaling approximately 64 acres. We believe the current market environment creates a substantial number of favorable investment opportunities in our target markets with attractive yields on investment and significant upside potential in terms of income and gain.

We have 44 full-time and 4 part-time employees. Our management team has experience and capabilities across the real estate sector with experience in the aggregate and expertise particularly in the retail asset class, which we believe provides for flexibility in pursuing attractive acquisition, development and repositioning opportunities. Because varying market conditions create opportunities at different times across the retail property sector, we believe our expertise enables us to target relatively more attractive investment opportunities throughout economic cycles. In addition, our fully integrated platform with in-house development capabilities allows us to pursue development and redevelopment projects with multiple uses. We believe that our ability to pursue these types of opportunities differentiates us from many competitors in our markets.

Our executive officers and the members of the management team have over 150 years of experience in all aspects of the commercial real estate industry, specifically in our target/existing markets. They have overseen the acquisition or development and operation of more than sixty-five shopping centers, representing over 4 million gross leasable square feet of retail property, including all of the properties in our portfolio. Jon S. Wheeler, our Chairman and Chief Executive Officer, has over thirty-three years of experience in the real estate sector with particular experience in strategic financial and market analyses and assessments of new or existing properties to maximize returns. Mr. Wheeler has overseen the acquisition of over sixty properties. Steven M. Belote, our Chief Financial Officer since 2011, has over twenty years' experience as a Chief Financial Officer. Prior to joining us, Mr. Belote was the Chief Financial Officer of Shore Bank for sixteen years. As Chief Financial Officer of Shore Bank, he played an integral role in their initial public offering. Prior to Shore Bank, Mr. Belote spent seven years in public accounting. David Kelly, our Senior Vice President and Director of Acquisitions, has over twenty-five years of experience in the real estate industry. Prior to joining us, he served for thirteen years as the Director of Real Estate for Supervalu, Inc., a Fortune 100 supermarket retailer. While at Supervalu, he focused on site selection and acquisitions from New England to the Carolinas, completing transactions totaling over \$500 million. In addition, we recently hired Jeff Parker as our Director of Leasing. Mr. Parker is responsible for leasing operations over our growing portfolio of commercial assets. Prior to joining us, Mr. Parker served as Real Estate Portfolio Manager for the Southeast and Mid-Atlantic regions of the United States for Dollar Tree Stores, Inc. While at Dollar Tree, Mr. Parker was responsible for a portfolio of over 1,100 stores and created many key relationships throughout the industry. Prior to Dollar Tree, Mr. Parker spent ten years handling the leasing and sale of commercial properties for CB Richard Ellis of Virginia, Inc.

Business Objectives and Investment Strategy

Our primary business objective is to provide attractive risk adjusted returns to our shareholders by increasing cash flows at our existing properties and acquiring additional properties with attractive yields below replacement cost. We intend to achieve this objective utilizing the following investment strategy:

- ***Focus on necessity-based retail.*** We intend to invest in retail properties that serve the essential day-to-day shopping needs of the surrounding communities. These necessity-based centers attract high levels of daily traffic resulting in cross-selling of goods and services from our tenants. The majority of our tenants provide non-cyclical consumer goods

[Table of Contents](#)

and services that are less impacted by fluctuations in the economy. According to the Food marketing Institute, the average consumer in the US makes a trip to a grocery store 2.2 times per week. We believe targeting centers that provide essential goods and services such as groceries results in a stable, lower-risk portfolio of retail investment properties.

- **Target secondary and tertiary markets with strong demographics and demand.** We believe these markets have limited competition from institutional buyers and relatively low levels of new construction. In evaluating potential acquisitions, we focus on areas with strong demographics such as population density, population growth, tenant sales trends and growth in household income, and we seek to identify properties in locations where there is a need for necessity-based retail and limited new supply. We generally will seek to avoid markets where we believe potential yields have decreased as a result of acquisition activity from institutional buyers.
- **Acquire properties that are the number one or number two centers in their respective markets.** After we identify an attractive target market, we look to acquire the top center in that market. These centers will have anchor tenants with dominant market share, high sales per square feet, significant capital invested in their respective stores and limited proximity to competing centers.
- **Increase operating income through leasing strategies and expense management.** We employ intensive lease management strategies to optimize occupancy. Management has strong expertise in acquiring and managing under-performing properties and increasing operating income through more effective leasing strategies and expense management such as common area maintenance, or CAM reimbursement and experience utilizing exterior parking for build to suit outparcels or pad sales. Our leases generally require the tenant to reimburse us for a substantial portion of the expenses incurred in operating, maintaining, repairing, and managing the shopping center and the common areas, along with the associated insurance costs and real estate taxes. Operating expenses that qualify for CAM reimbursement include, but are not limited to, landscaping, parking field maintenance and repairs, building maintenance and repairs, utilities and their associated maintenance and repair within the shopping center. The amount that each tenant pays is determined on a pro-rata basis and our leases generally allow us to add an administrative fee of 15%. Some leases are structured such that there is a price per square foot cap on paying additional fees and charges. Additionally, in some cases the tenant is either fully or partially responsible for all maintenance of the property, thereby limiting our obligations towards maintaining the center and increasing our net income. We refer to this arrangement as a “triple net lease.”
- **Selectively utilize our capital to improve retail properties.** We intend to make capital investments where the return on such capital is accretive to our shareholders. We have significant expertise allocating capital to value-added improvements of retail properties to increase rents, extend long-term leases with anchor tenants and increasing occupancy. We will selectively allocate capital to revenue enhancing projects that we believe will improve the market position of a given property.
- **Selectively utilize our development capabilities for third parties.** We intend to invest capital in development and re-development opportunities where we believe the return on such capital is accretive to our shareholders. We believe our experience in development will benefit us by providing opportunities to either develop properties for us at higher cap rates that result in positive returns to our operations or to develop for third parties which will result in development fee income for us. While this objective is not always possible, we generally want a development project to be at least 50% pre-leased prior to commencement.
- **Acquire properties that meet our strict underwriting guidelines and process.** Initially, our underwriting process begins with a cursory review of the asset to determine if there is a fit with our acquisition criteria. The offering memorandum; seller’s financials; lease abstracts (anchor and small shop); rent roll; delinquency reports; assumable debt, if any; tenant sales reports; and the general physical structure of the asset are reviewed. By analyzing the trade area we can determine trade area demographics, how the target asset sits within the trade area compared to its competition and how that trade area is currently being serviced by the existing retail base. Provided the cursory review of the target asset is satisfactory we begin the primary underwriting. The acquisition analyst develops an eleven year cash flow analysis using Argus software utilizing lease abstracts, rent roll, financials provided by seller, and historical data from our own portfolio. Lease administration reviews the third-party abstracts of all leases giving particular attention to use restrictions/conflicts, lease termination rights, relocation rights and accuracy against the provided rent roll. Tenant interviews are done with all key tenants per a multi-point checklist. The property is reviewed internally by leasing, asset management and property management departments. Third party reports are generated for environmental, zoning, appraisal and property condition assessment. Legal reviews newly produced survey and title

[Table of Contents](#)

binder. Discussions are held with the local municipality, particularly economic development, zoning and planning to determine potential competitive activity, changes in traffic patterns and possible real estate tax exposure. Lastly, an on-site review of the asset by representatives of the Investment Committee of the Board of Directors, Mr. Wheeler, and Mr. Kelly, our Senior Vice President of Acquisitions, is required before the due diligence portion of any contract closes. In all, a checklist of over 100 items is reviewed and signed off prior to moving into the closing phase of the contract.

Policies With Respect to Certain Activities

The following is a discussion of certain of our investment, financing and other policies. These policies have been determined by our board of directors and, in general, may be amended or revised from time to time by our board of directors without a vote of our stockholders.

Investment Policies

Investments in Real Estate or Interests in Real Estate

We will conduct all of our investment activities through our Operating Partnership, Wheeler REIT, L.P., and its subsidiaries. Our investment objectives are to maximize the cash flow of our properties, acquire properties with cash flow growth potential, provide monthly cash distributions and achieve long-term capital appreciation for our stockholders through increases in the value of our company. Consistent with our policy to acquire assets for both income and capital gain, our Operating Partnership intends to hold its properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing and owning its properties and to make occasional sales of the properties as are consistent with our investment objectives. We have not established a specific policy regarding the relative priority of these investment objectives.

We expect to pursue our investment objectives primarily through the ownership by our Operating Partnership of our portfolio of properties and other acquired properties and assets. We currently intend to invest primarily in retail properties. Future investment or development activities will not be limited to any geographic area, property type or to a specified percentage of our assets. While we may diversify in terms of property locations, size and market, we do not have any limit on the amount or percentage of our assets that may be invested in any one property or any one geographic area. We intend to engage in such future investment activities in a manner that is consistent with the maintenance of our status as a REIT for U.S. federal income tax purposes. In addition, we may purchase or lease income-producing properties for long-term investment, expand and improve the properties we presently own or other acquired properties, or sell such properties, in whole or in part, when circumstances warrant.

We may also participate with third parties in property ownership, through joint ventures or other types of co-ownership. We also may acquire real estate or interests in real estate in exchange for the issuance of common stock, units, preferred stock or options to purchase stock. These types of investments may permit us to own interests in larger assets without unduly restricting our diversification and, therefore, provide us with flexibility in structuring our portfolio. We will not, however, enter into a joint venture or other partnership arrangement to make an investment that would not otherwise meet our investment policies.

Equity investments in acquired properties may be subject to existing mortgage financing and other indebtedness or to new indebtedness which may be incurred in connection with acquiring or refinancing these properties. Debt service on such financing or indebtedness will have a priority over any dividends with respect to our common stock. Investments are also subject to our policy not to fall within the definition of an "investment company" under the Investment Company Act of 1940, as amended (the "1940 Act").

Investments in Real Estate Mortgages

We do not intend presently or at any time in the future to invest in real estate mortgages.

Securities of or Interests in Persons Primarily Engaged in Real Estate Activities and Other Issuers

Although not presently contemplated, subject to the percentage of ownership limitations and the income and asset tests necessary for REIT qualification, we may in the future invest in securities of other REITs, other entities engaged in real estate activities or securities of other issuers where such investment would be consistent with our investment objectives. We may

[Table of Contents](#)

invest in the debt or equity securities of such entities, including for the purpose of exercising control over such entities. We have no current plans to invest in entities that are not engaged in real estate activities. While we may attempt to diversify our investments with respect to the retail properties owned by such entities, in terms of property locations, size and market, we do not have any limit on the amount or percentage of our assets that may be invested in any one entity, property or geographic area. Our investment objectives are to maximize cash flow of our investments, acquire investments with growth potential and provide cash distributions and long-term capital appreciation to our stockholders through increases in the value of our company. We have not established a specific policy regarding the relative priority of these investment objectives. We will not underwrite the securities of any other issuers and will limit our investment in such securities so that we will not fall within the definition of an “investment company” under the 1940 Act.

Investments in Other Securities

Other than as described above, we do not currently intend to invest in any additional securities such as bonds, preferred stocks or common stock, although we reserve the right to do so if our board of directors determines that such action would be in our best interests.

Dispositions

We do not currently intend to dispose of any of our properties, although we reserve the right to do so if, based upon management’s periodic review of our portfolio, our board of directors determines that such action would be in our best interests. The tax consequences to our directors and executive officers who hold units resulting from a proposed disposition of a property may influence their decision as to the desirability of such proposed disposition.

Financings and Leverage Policy

In the future, we anticipate using a number of different sources to finance our acquisitions and operations, including cash flows from operations, asset sales, seller financing, issuance of debt securities, private financings (such as additional bank credit facilities, which may or may not be secured by our assets), property-level mortgage debt, common or preferred equity issuances or any combination of these sources, to the extent available to us, or other sources that may become available from time to time. Any debt that we incur may be recourse or non-recourse and may be secured or unsecured. We also may take advantage of joint venture or other partnering opportunities as such opportunities arise in order to acquire properties that would otherwise be unavailable to us. We may use the proceeds of our borrowings to acquire assets, to refinance existing debt or for general corporate purposes.

Although we are not required by our governing documents to maintain a ratio of debt to total market capitalization at any particular level, our Board of Directors will review our ratio of debt to total capital on a quarterly basis, with the goal of maintaining a reasonable rate consistent with our expected ratio of debt to total market capitalization going forward. Additionally, we intend, when appropriate, to employ prudent amounts of leverage and to use debt as a means of providing additional funds for the acquisition of assets, to refinance existing debt or for general corporate purposes. We expect to use leverage conservatively, assessing the appropriateness of new equity or debt capital based on market conditions, including prudent assumptions regarding future cash flow, the creditworthiness of tenants and future rental rates. Our charter and bylaws do not limit the amount of debt that we may incur. Our board of directors has not adopted a policy limiting the total amount of debt that we may incur.

Our board of directors will consider a number of factors in evaluating the amount of debt that we may incur. If we adopt a debt policy, our board of directors may from time to time modify such policy in light of then-current economic conditions, relative costs of debt and equity capital, market values of our properties, general conditions in the market for debt and equity securities, fluctuations in the market price of our common stock, growth and acquisition opportunities and other factors. Our decision to use leverage in the future to finance our assets will be at our discretion and will not be subject to the approval of our stockholders, and we are not restricted by our governing documents or otherwise in the amount of leverage that we may use.

Lending Policies

We have not made any loans to third parties, although we do not have a policy limiting our ability to make loans to other persons. We may consider offering purchase money financing in connection with the sale of properties where the provision of that financing will increase the value to be received by us for the property sold. We also may make loans to joint

[Table of Contents](#)

ventures in which we participate. However, we do not intend to engage in significant lending activities. Any loan we make will be consistent with maintaining our status as a REIT.

Equity Capital Policies

To the extent that our board of directors recommends that we obtain additional capital, we may issue debt or equity securities, including additional units or senior securities of our Operating Partnership, retain earnings (subject to provisions in the Code requiring distributions of income to maintain REIT qualification) or pursue a combination of these methods. As long as our Operating Partnership is in existence, we will generally contribute the proceeds of all equity capital raised by us to our Operating Partnership in exchange for additional interests in our Operating Partnership, which will dilute the ownership interests of the limited partners in our Operating Partnership.

Existing stockholders will have no preemptive rights to common or preferred stock or units issued in any securities offering by us, and any such offering might cause a dilution of a stockholder's investment in us. Although we have no current plans to do so, we may in the future issue shares of common stock or units in connection with acquisitions of property.

We may, under certain circumstances, purchase shares of our common stock or other securities in the open market or in private transactions with our stockholders, provided that those purchases are approved by our board of directors. Our board of directors has no present intention of causing us to repurchase any shares of our common stock or other securities, and any such action would only be taken in conformity with applicable federal and state laws and the applicable requirements for qualification as a REIT.

Change in Investment and Financing Objectives and Policies

Our investment policies and objectives and the methods of implementing our investment objectives and policies, except to the extent set forth in our charter, may be altered by our board of directors, without the approval of our stockholders. If we change these policies during the offering period, we will disclose these changes in a prospectus supplement prior to the effective time of these changes. If we change these policies after the offering, we will inform our stockholders of the change within ten days after our board of directors alters our investment objectives and policies, by either a press release or notice of an "other event" on a Current Report on Form 8-K or another method deemed reasonable by our board of directors.

Conflict of Interest Policies

Overview. Conflicts of interest could arise in the future as a result of the relationships between us and our affiliates, on the one hand, and our Operating Partnership or any partner thereof, on the other. Our directors and officers have duties to our company under applicable Maryland law in connection with their management of our company. At the same time, we, as the general partner of our Operating Partnership, have fiduciary duties and obligations to our Operating Partnership and its other partners under Virginia law and the Partnership Agreement in connection with the management of our Operating Partnership. Our fiduciary duties and obligations, as the general partner of our Operating Partnership, may come into conflict with the duties of our directors and officers to our company.

Under Virginia law (where our Operating Partnership is formed), a general partner of a Virginia limited partnership has fiduciary duties of loyalty and care to the partnership and its partners and must discharge its duties and exercise its rights as general partner under the Partnership Agreement or Virginia law consistently with the obligation of good faith and fair dealing. The duty of loyalty requires a general partner of a Virginia general partnership to account to the partnership and hold as trustee for it any property, profit, or benefit derived by the general partner in the conduct of the partnership business or derived from a use by the general partner of partnership property, including the appropriation of a partnership opportunity, to refrain from dealing with the partnership in the conduct of the partnership's business as or on behalf of a party having an interest adverse to the partnership and to refrain from competing with the partnership in the conduct of the partnership business, although the Partnership Agreement may identify specific types or categories of activities that do not violate the duty of loyalty. The Partnership Agreement provides that, in the event of a conflict between the interests of our Operating Partnership or any partner, on the one hand, and the separate interests of our company or our stockholders, on the other hand, we, in our capacity as the general partner of our Operating Partnership, are under no obligation not to give priority to the separate interests of our company or our stockholders, and that any action or failure to act on our part or on the part of our directors that gives priority to the separate interests of our company or our stockholders that does not result in a violation of the contract rights of the limited partners of the Operating Partnership under its Partnership Agreement does not violate the duty of loyalty that we, in our capacity as the general partner of our Operating Partnership, owe to the Operating Partnership and its partners. The duty of care

[Table of Contents](#)

requires a general partner to refrain from engaging in grossly negligent or reckless conduct, intentional misconduct or a knowing violation of law, and this duty may not be unreasonably reduced by the Partnership Agreement.

The Partnership Agreement provides that we are not liable to our Operating Partnership or any partner for monetary damages for losses sustained, liabilities incurred or benefits not derived by our Operating Partnership or any limited partner, except for liability for our intentional harm or gross negligence. The Partnership Agreement also provides that any obligation or liability in our capacity as the general partner of our Operating Partnership that may arise at any time under the Partnership Agreement or any other instrument, transaction or undertaking contemplated by the Partnership Agreement will be satisfied, if at all, out of our assets or the assets of our Operating Partnership only, and no obligation or liability of the general partner will be personally binding upon any of our directors, stockholders, officers, employees or agents, regardless of whether such obligation or liability is in the nature of contract, tort or otherwise, and none of our directors or officers will be liable or accountable in damages or otherwise to the partnership, any partner or any assignee of a partner for losses sustained, liabilities incurred or benefits not derived as a result of errors in judgment or mistakes of fact or law or any act or omission. Our Operating Partnership must indemnify us, our directors and officers, officers of our Operating Partnership and any other person designated by us against any and all losses, claims, damages, liabilities (whether joint or several), expenses (including, without limitation, attorneys' fees and other legal fees and expenses), judgments, fines, settlements and other amounts arising from any and all claims, demands, actions, suits or proceedings, whether civil, criminal, administrative or investigative, that relate to the operations of the Operating Partnership, unless (1) an act or omission of the person was material to the matter giving rise to the action and either was committed in bad faith or was the result of active and deliberate dishonesty, (2) for any transaction for which such person actually received an improper personal benefit in violation or breach of any provision of the Partnership Agreement, or (3) in the case of a criminal proceeding, the person had reasonable cause to believe the act or omission was unlawful.

Our Operating Partnership must also pay or reimburse the reasonable expenses of any such person upon its receipt of a written affirmation of the person's good faith belief that the standard of conduct necessary for indemnification has been met and a written undertaking to repay any amounts paid or advanced if it is ultimately determined that the person did not meet the standard of conduct for indemnification. Our Operating Partnership will not indemnify or advance funds to any person with respect to any action initiated by the person seeking indemnification without our approval (except for any proceeding brought to enforce such person's right to indemnification under the Partnership Agreement) or if the person is found to be liable to our Operating Partnership on any portion of any claim in the action.

No reported decision of a Virginia appellate court has interpreted provisions similar to the provisions of the Partnership Agreement of our Operating Partnership that modify or reduce the fiduciary duties and obligations of a general partner or reduce or eliminate our liability for money damages to the Operating Partnership and its partners, and we have not obtained an opinion of counsel as to the enforceability of the provisions set forth in the Partnership Agreement that purport to modify or reduce our fiduciary duties that would be in effect were it not for the Partnership Agreement.

Sale or Refinancing of Properties. Upon the sale of certain of the properties to be owned by us, certain unitholders could incur adverse tax consequences which are different from the tax consequences to us and to holders of our common stock. Consequently, unitholders may have differing objectives regarding the appropriate pricing and timing of any such sale or repayment of indebtedness.

While we will have the exclusive authority under the Partnership Agreement to determine whether, when, and on what terms to sell a property or when to refinance or repay indebtedness, any such decision would require the approval of our board of directors.

Policies Applicable to All Directors and Officers. Our charter and bylaws do not restrict any of our directors, officers, stockholders or affiliates from having a pecuniary interest in an investment or transaction that we have an interest in or from conducting, for their own account, business activities of the type we conduct. We intend, however, to adopt policies that are designed to eliminate or minimize potential conflicts of interest, including a policy for the review, approval or ratification of any related party transactions. This policy will provide that the audit committee of our board of directors will review the relevant facts and circumstances of each related party transaction, including if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party before approving such transaction. We have adopted a code of business conduct and ethics, which provides that all of our directors, officers and employees are prohibited from taking for themselves opportunities that are discovered through the use of corporate property, information or position without our consent. However, we cannot assure you that these policies or provisions of law will always be successful in eliminating the influence of such conflicts, and if they are not successful, decisions could be made that might fail to reflect fully the interests of all stockholders.

Interested Director and Officer Transactions

Pursuant to the Maryland General Corporation Law (“MGCL”), a contract or other transaction between us and a director or between us and any other corporation or other entity in which any of our directors is a director or has a material financial interest is not void or voidable solely on the grounds of such common directorship or interest, the presence of such director at the meeting at which the contract or transaction is authorized, approved or ratified or the counting of the director’s vote in favor thereof, provided that:

- the fact of the common directorship or interest is disclosed or known to our board of directors or a committee of our board, and our board or such committee authorizes, approves or ratifies the transaction or contract by the affirmative vote of a majority of disinterested directors, even if the disinterested directors constitute less than a quorum;
- the fact of the common directorship or interest is disclosed or known to our stockholders entitled to vote thereon, and the transaction or contract is authorized, approved or ratified by a majority of the votes cast by the stockholders entitled to vote other than the votes of shares owned of record or beneficially by the interested director or corporation, firm or other entity; or
- the transaction or contract is fair and reasonable to us at the time it is authorized, ratified or approved.

Furthermore, under Virginia law, we, as general partner, have a fiduciary duty of loyalty to our Operating Partnership and its partners and, consequently, such transactions also are subject to the duties that we, as general partner, owe to the Operating Partnership and its limited partners (as such duty has been modified by the Partnership Agreement). We have adopted a policy that requires that all contracts and transactions between us, our Operating Partnership or any of our subsidiaries, on the one hand, and any of our directors or executive officers or any entity in which such director or executive officer is a director or has a material financial interest, on the other hand, must be approved by the affirmative vote of a majority of our disinterested directors even if less than a quorum. Where appropriate, in the judgment of the disinterested directors, our board of directors may obtain a fairness opinion or engage independent counsel to represent the interests of non-affiliated security holders, although our board of directors will have no obligation to do so.

Policies With Respect To Other Activities

We have authority to offer common stock, preferred stock or options to purchase stock in exchange for property and to repurchase or otherwise acquire our common stock or other securities in the open market or otherwise, and we may engage in such activities in the future. We expect, but are not obligated, to issue common stock to holders of common units upon exercise of their redemption rights. Our board of directors has the authority, without further stockholder approval, to amend our charter to increase or decrease the number of authorized shares of common stock or preferred stock and authorize us to issue additional shares of common stock or preferred stock, in one or more series, including senior securities, in any manner, and on the terms and for the consideration, it deems appropriate. We have not engaged in trading, underwriting or agency distribution or sale of securities of other issuers other than our Operating Partnership and do not intend to do so. At all times, we intend to make investments in such a manner as to qualify as a REIT, unless because of circumstances or changes in the Code, or the Treasury regulations, our board of directors determines that it is no longer in our best interest to qualify as a REIT. In addition, we intend to make investments in such a way that we will not be treated as an investment company under the 1940 Act.

Reporting Policies

We make available to our stockholders our annual reports, including our audited consolidated financial statements. We are subject to the information reporting requirements of the Exchange Act. Pursuant to those requirements, we will be required to file annual and periodic reports, proxy statements and other information, including audited consolidated financial statements, with the SEC.

- (1) Annualized base rent per leased square foot excludes the impact of tenant concessions.
- (2) We own the Amscot building and Starbucks/Verizon building, but we do not own the land underneath the buildings and instead lease the land pursuant to ground leases with parties that are affiliates of Jon Wheeler. As discussed in the financial statements in Item 15, these ground leases require us to make annual rental payments and contain escalation clauses and renewal options.
- (3) This information is not available because the property is undeveloped.
- (4) This property is our corporate headquarters that we 100% occupy.

Property Management and Leasing Strategy

We administer our property management and substantially all of our leasing activities and operating and administrative functions (including leasing, legal, acquisitions, development, data processing, finance and accounting). On-site functions such as maintenance, landscaping, sweeping, plumbing and electrical are subcontracted out at each location and, to the extent permitted by their respective leases, the cost of these functions is passed on to the tenants.

[Table of Contents](#)

We believe that focused property management, leasing and customer retention are essential to maximizing the sales per square foot, operating cash flow and value of our properties. Our primary goal in property management is to maintain an attractive shopping environment on a cost effective basis for our tenants.

The majority of our property management and leasing functions are supervised and administered by us. We maintain regular contact with our tenants and frequently visit each asset to ensure the proper implementation and execution of our market strategies. As part of our ongoing property management, we conduct regular physical property reviews to improve our properties, react to changing market conditions and ensure proper maintenance.

Our leasing representatives have become experienced in the markets in which we operate by becoming familiar with current tenants as well as potential local, regional and national tenants that would complement our current tenant base. We study demographics, customer sales and merchandising mix to optimize the sales performance of our centers and thereby increase rents. We believe this hands-on approach maximizes the value of our shopping centers.

Item 3. Legal Proceedings

We are subject to various legal proceedings and claims that arise in the ordinary course of business. These matters are generally covered by insurance. While the resolution of these matters cannot be predicted with certainty, management believes the final outcome of such matters will not have a material adverse effect on our financial position, results of operations or liquidity.

[Table of Contents](#)

On July 10, 2008, one of our subsidiaries, Perimeter Associates, LLC (“Perimeter”), sued a tenant for breach of contract, guaranty of the contract and fraud related to an executed lease. In response, on August 22, 2008, the defendant filed a counterclaim against Perimeter for breach of contract, unjust enrichment and fraud. On April 8, 2013, the court found in favor of the defendant and assessed damages against Perimeter in the amount of \$13,300. On or about May 8, 2013, Perimeter appealed the judgment of the lower court to the Oklahoma Supreme Court. Subsequent to the initial judgment, the defendant’s attorney applied to the court to be reimbursed for approximately \$368,000 in legal fees incurred by the defendant during litigation. On July 9, 2013, the lower court awarded the defendant approximately \$267,000 of the defendant’s legal fees. Perimeter expects to amend its appeal with the Oklahoma Supreme Court to include the issue of the award of legal fees. We have posted bonds for both judgments and have accrued for the judgments in our financial statements. We will continue to vigorously litigate the issues raised upon appeal.

On May 22, 2013, WHLR-HPA-1, LLC, (“Harp’s”), a subsidiary of our Operating Partnership that owns our Harps and Harbor Point property, (“Harp’s Food Store”), filed suit against Crossland Heavy Contractors (“Crossland”) for equitable relief to divide a mechanic and materialmen’s lien (“Lien”) of approximately \$856,000 filed on three properties which includes the Harp’s Food Store property and two adjacent properties owned by our affiliates. Crossland subsequently filed a counterclaim adding us, among others, as a defendant to the case. The Lien relates to cost overruns incurred by Crossland during the construction and development process that occurred prior to us acquiring the Harp’s Food Store property. On October 22, 2013, the parties reached a settlement whereby it was agreed that the Lien would be paid in full by November 22, 2013. Since the Lien related to construction and development costs incurred prior to us acquiring the property, the affiliated parties that developed the property intended to fully satisfy the Lien, resulting in no liability to us. However, since there was no evidence as of September 30, 2013 that the affiliated parties had finalized their funding sources to satisfy the Lien, management concluded that the appropriate treatment was to accrue the \$856,000 in the September 30, 2013 financial statements. On January 31, 2014, Crossland removed the lien as our affiliates fulfilled their obligation to pay the Lien. Accordingly, the accrual was reversed as of December 31, 2013 since the Lien was satisfied without liability to us and the consolidated financial statements had not been issued when the Lien was released.

Approximate Number of Holders of Our Common Shares

As of March 24, 2015 there were 99 holders of record of our common shares and 1 holder of our Series B preferred shares. This number excludes our common and Series B preferred stock owned by shareholders holding under nominee security position listings.

Dividend Policy

We pay cash dividends to holders of our common stock on a monthly basis. We intend to make dividend distributions that will enable us to meet the distribution requirements applicable to REITs and to eliminate or minimize our obligation to pay income and excise taxes. We may in the future also choose to pay dividends in shares of our common stock. While we intend to maintain the annual \$0.42 per share dividend for the foreseeable future, our current cash flow does not support this amount. Accordingly, we may be forced to reduce the annual dividend if the cash flow deficit continues for an extended period of time. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations-Future Liquidity Needs.”

Company Overview

We are a Maryland corporation formed with the principle objective of acquiring, financing, developing, leasing, owning and managing income producing, strip centers, neighborhood centers, grocery-anchored centers, community centers and free-standing retail properties. Our strategy is to opportunistically acquire quality, well-located, predominantly retail properties in secondary and tertiary markets that generate attractive risk-adjusted returns. We generally target competitively protected properties located within developed areas, commonly referred to as in-fill, that possess minimal competition risk and are surrounded by communities that have strong demographics and dynamic, diversified economies that will continue to generate jobs and future demand for commercial real estate. Our primary target markets include the Northeast, Mid-Atlantic, Southeast and Southwest.

Our portfolio is comprised of twenty-four retail shopping centers, six free-standing retail properties, our office building and five undeveloped land parcels. Nine of these properties are located in Virginia, two are located in Florida, three are located in North Carolina, eight are located in South Carolina, three are located in Georgia, two are located in Kentucky, two are located in Tennessee, one is located in New Jersey, and six are located in Oklahoma. Our portfolio has a total GLA of 1,904,146 square feet and an occupancy level of approximately 96%.

Recent Trends and Activities

There have been several significant events in 2014 that have positively impacted our company. These events are summarized below.

Property Acquisitions

On July 1, 2014, we completed our acquisition of Cypress Shopping Center, an 80,435 square foot grocery-anchored shopping center located in Boiling Springs, South Carolina ("Cypress") for a contract price of \$8.30 million, paid through a combination of cash and debt. Cypress is currently 92% leased and its major tenants include Bi-Lo and Dollar General.

On July 1, 2014, we completed our acquisition of Harrodsburg Marketplace, a 60,048 square foot grocery-anchored shopping center located in Harrodsburg, Kentucky ("Harrodsburg") for a contract price of \$5.00 million, paid through a combination of cash and debt. Harrodsburg is currently 97% leased and its major tenants include Kroger and Arby's.

On July 3, 2014, we completed our acquisition of Port Crossing Shopping Center, a 65,365 square foot grocery-anchored shopping center located in Harrisonburg, Virginia ("Port Crossing") for a contract price of \$9.31 million. Port Crossing is 92% leased and is anchored by a Food Lion grocery store. We acquired the property from a related party through a combination of cash, the issuance of 157,429 common units in the Operating Partnership and the assumption of outstanding debt.

On July 25, 2014, we completed the acquisition of LaGrange Marketplace, a 76,594 square foot grocery-anchored shopping center located in LaGrange, Georgia ("LaGrange") for a contract price of \$3.70 million. LaGrange is 93% leased and is anchored by a Food Depot grocery store. We acquired the property from a related party through a combination of cash, the issuance of 105,843 common units in the Operating Partnership and the assumption of outstanding debt.

On August 15, 2014, we completed the acquisition of DF I-Courtland, LLC ("DF I-Courtland"), consisting of a 1.01 acre parcel of undeveloped real estate located in Courtland, Virginia, for a contract price of \$893,900. We believe that this parcel can accommodate a 8,400 square foot facility. There are currently no development plans for DF I-Courtland, but we believe that it could support a retail facility that would be complementary to our existing portfolio.

On August 15, 2014, we completed the acquisition of DF I-Moyock, LLC ("DF I-Moyock"), consisting of a 1.28 acre parcel of undeveloped real estate located in Moyock, North Carolina, for a contract price of \$908,100. We believe that this parcel can accommodate a 9,000 square foot facility. There are currently no development plans for DF I-Moyock, but we believe that it could support a retail facility that would be complementary to our existing portfolio.

On August 15, 2014, we completed the acquisition of Edenton Commons ("Edenton Commons"), consisting of a 53.82 acre parcel of undeveloped real estate located in Edenton, North Carolina, for a contract price of \$2.40 million. We believe that this parcel can accommodate a 225,000 square foot facility. There are currently no development plans for Edenton Commons, but we believe that it could support a retail facility that would be complementary to our existing portfolio.

On September 4, 2014, we completed the acquisition of Freeway Junction, a 156,834 square foot shopping center located in Stockbridge, Georgia ("Freeway Junction") for a contract price of \$10.45 million, paid through a combination of cash and debt. Freeway Junction is 98% leased and is anchored by Northern Tool, Ollie's Bargain Outlet, Goodwill and Farmer's Furniture.

On September 26, 2014, we completed the acquisition of Graystone Crossing, a 21,997 square foot shopping center located in Tega Cay, South Carolina ("Graystone Crossing") for a contract price of \$5.4 million, paid through a combination of cash and debt. Graystone Crossing is 100% leased and is anchored by T-Mobile, Tropical Smoothie Cafe, and Edible Arrangements.

On October 2, 2014, we completed the acquisition of Bryan Station, an 54,397 square foot retail center located in Lexington, Kentucky ("Bryan Station") for a contract price of \$6.10 million, paid through a combination of cash and debt. Bryan Station is currently 100% leased and its major tenants include Planet Fitness and Shoe Carnival.

On October 24, 2014, the Operating Partnership entered into a Membership Interest Contribution Agreement ("Contribution Agreement") with Mr. Wheeler for the contribution of Mr. Wheeler's membership interests in Wheeler Interests, LLC, Wheeler Real Estate, LLC and WHLR Management, LLC (collectively known as the "Operating Companies"). These entities were wholly owned by Mr. Wheeler at the time of the Contribution Agreement. The purpose of the Contribution Agreement was to internalize the management of the Trust. Pursuant to the terms of the Contribution Agreement, Mr. Wheeler received 1,516,853 common units of the Operating Partnership worth \$6.75 million at the time of issuance.

On November 5, 2014, we completed the acquisition of Crockett Square, a 107,122 square foot retail center located in Morristown, Tennessee ("Crockett Square") for a contract price of \$9.75 million, paid through a combination of cash and debt. Crockett Square is currently 100% leased and its major tenants include Hobby Lobby, Dollar Tree, Pier 1 Imports and Ross Dress for Less.

On November 21, 2014, we completed the acquisition of Harbor Point Associates, LLC ("Harbor Point"), consisting of a 7.2 acre parcel of undeveloped real estate located in Grove, Oklahoma, for a contract price of \$2.4 million. We believe that this parcel can accommodate a 45,700 square foot facility. There are currently no development plans for Harbor Point, but we believe that it could support a retail facility that would be complementary to our existing portfolio.

On December 1, 2014, we completed the acquisition of DF I-Berkley, LLC ("DF I-Berkley"), a parcel of approximately 1.0 acre of undeveloped real estate located in Norfolk, Virginia, for a contract price of \$250,000. We believe that this parcel can accommodate a 6,500 square foot facility. There are currently no development plans for DF I-Berkley, but we believe that it could support a retail facility that would be complementary to our existing portfolio.

Financing Activities

The Riversedge North loan matured on April 16, 2013, and was subsequently extended to January 16, 2014. On January 16, 2014, we renewed the loan until January 16, 2019. The loan requires monthly principal and interest payments based on a 15 year amortization with a fixed interest rate of 6.00%.

On March 11, 2013, we entered into a promissory note for \$4.0 million to refinance the Shoppes at Eagle Harbor loan that matured in February 2013. The new loan matures on March 11, 2018 and requires monthly principal and interest payments based on a 20 year amortization and a 4.34% interest rate.

Table of Contents

On April 19, 2013, we entered in a promissory note for \$6.5 million to refinance the Shoppes at TJ Maxx loan that matured on that date. The new loan matures on May 1, 2020 and requires monthly principal and interest payments based on a 25 year amortization and a 3.88% fixed interest rate.

On June 3, 2013, we entered into a promissory note with Monarch Bank for a \$2.0 million line of credit. The line of credit matured on May 12, 2014, provided for an interest rate of 4.5% per annum and was guaranteed by a Deed of Trust and Assignment of Rents on real property.

On July 2, 2014, we entered into a promissory note for \$660,000 to refinance the Starbucks/Verizon loan. The new loan matures on July 2, 2019 and requires monthly principal and interest payments based on a 20 year amortization and a 5.00% fixed interest rate.

The Walnut Hill loan matured on April 11, 2014, and was subsequently extended until July 31, 2014. On July 31, 2014, we entered into a promissory note for \$3.65 million to refinance the note that matured. The new loan matures on July 30, 2017 and requires monthly principal and interest payments based on a 20 year amortization and a 5.50% fixed interest rate.

On September 16, 2014, we entered into a promissory note for a \$3.0 million line of credit. The line of credit matures on September 16, 2015, provides for an interest rate of 4.25% per annum and is guaranteed by a Deed of Trust and Assignment of Rents on real property. Concurrently with this transaction, we paid off our \$2.0 million Monarch Bank line of credit.

Certain debt agreements into which we have entered have covenants with which we must comply. As of December 31, 2014, we believe we are in compliance with the applicable covenants.

On December 16, 2013, we completed a \$10.0 million private placement transaction with eight accredited investors (the "Buyers"). Pursuant to the securities purchase agreement, dated as of December 16, 2013 (the "December 2013 Securities Purchase Agreement"), we sold convertible and nonconvertible 9% senior notes and warrants to purchase shares of our common stock totaling \$10.0 million dollars. We completed the financings in two concurrent tranches. The first tranche consisted of \$6.0 million in convertible senior notes due December 15, 2018. During the first two years, the convertible notes will only be available for conversion upon the completion of a secondary offering of common stock in excess of \$20 million at a conversion rate of the lesser of 95% of the secondary offering's per share price or \$5.50. After two years, holders of the convertible notes can convert at their discretion at a conversion rate of the lesser of 90% of the market price of our common stock or \$5.50. The maximum number of shares of stock issuable upon conversion of the convertible notes is 1,417,079 shares.

The second tranche consisted of \$4.0 million in nonconvertible senior notes due December 15, 2015. In addition to the non-convertible notes, we issued 421,053 warrants with an exercise price of \$4.75. The warrants were subject to obtaining shareholder approval for the transaction and the issuance of the common stock underlying the warrants which occurred in June 2014.

In connection with the private placement transaction, we and the Buyers entered into a Registration Rights Agreement, dated as of December 16, 2013 (the "December 2013 Registration Rights Agreement"). Pursuant to the December 2013 Registration Rights Agreement, we agreed to file and maintain a registration statement with the Securities and Exchange Commission for the resale of the shares of common stock underlying the convertible notes and the warrants. Interest on the convertible and nonconvertible senior notes of 9% per annum will be payable monthly.

Pursuant to a First Amendment to the December 2013 Securities Purchase Agreement, dated as of January 31, 2014 (the "First Amendment"), we and the Initial Investors amended the December 2013 Securities Purchase Agreement solely to increase the maximum size of the offering to an aggregate of \$12.16 million. In accordance with the terms of the December 2013 Securities Purchase Agreement, as amended by the First Amendment, as of January 31, 2014, we completed a second closing (the "Second Closing") consisting of the private placement of \$2.160 million of non-convertible notes and warrants to purchase shares of our common stock with fourteen accredited investors (the "Secondary Investors"). The non-convertible senior notes have an interest rate of 9.0% (which will be paid monthly) and mature on January 31, 2016. The warrants issued permit the Secondary Investors to purchase an aggregate 227,372 shares of our common stock, have an exercise price of \$4.75 per share, expire on January 31, 2019 and were subject to obtaining shareholder approval for this transaction and the issuance of the common stock underlying the warrants which occurred in June 2014.

New Leases, Leasing Renewals and Expirations

New leases during the year ended December 31, 2014 were comprised of sixteen deals totaling 37,596 square feet with a weighted average rate of \$12.43 per square foot. The commission rate per square foot equated to \$5.44.

Renewals during the year ended December 31, 2014 were comprised of thirty-three deals totaling 139,053 square feet with a weighted average increase of \$0.23 per square foot, representing an increase of 6.6% over prior rates. The rates on negotiated renewals resulted in a weighted average increase of \$1.03 per square foot on twenty-nine renewals and a \$5.19 per square foot decrease on four renewals. Fifteen of these renewals represented options being exercised. We also had a lease assignment for a 4,100 square foot space with all lease terms remaining the same.

Approximately 10.14% of our gross leasable area is subject to leases that expire during the twelve months ending December 31, 2015 that have not already been renewed. Based on recent market trends, we believe that these leases will be renewed at amounts and terms comparable to existing lease agreements.

Funds from Operations

We use Funds From Operations (“FFO”) as an alternative measure of our operating performance, specifically as it relates to results of operations and liquidity. We compute FFO in accordance with standards established by the Board of Governors of the National Association of Real Estate Investment Trusts (“NAREIT”) in its March 1995 White Paper (as amended in November 1999 and April 2002). As defined by NAREIT, FFO represents net income (computed in accordance with accounting principles generally accepted in the United States, or “GAAP”), excluding gains (or losses) from sales of property, plus real estate related depreciation and amortization (excluding amortization of loan origination costs) and after adjustments for unconsolidated partnerships and joint ventures. Most industry analysts and equity REITs, including us, consider FFO to be an appropriate supplemental measure of operating performance because, by excluding gains or losses on dispositions and excluding depreciation, FFO is a helpful tool that can assist in the comparison of the operating performance of a company’s real estate between periods, or as compared to different companies. Management uses FFO as a supplemental measure to conduct and evaluate our business because there are certain limitations associated with using GAAP net income alone as the primary measure of our operating performance. Historical cost accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time, while historically real estate values have risen or fallen with market conditions. Accordingly, we believe FFO provides a valuable alternative measurement tool to GAAP when presenting our operating results.

Critical Accounting Policies

The following discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements included in this Form 10-K, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. On an on-going basis, we evaluate our estimates based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

The critical accounting policies summarized in this section are discussed in further detail in the notes to the financial statements appearing elsewhere in this Form 10-K. We believe that the application of these policies on a consistent basis enables us to provide useful and reliable financial information about our operating results and financial condition.

Revenue Recognition

Principal components of our total revenues include base and percentage rents and tenant reimbursements. We accrue minimum (base) rent on a straight-line basis over the terms of the respective leases which results in an unbilled rent asset or deferred rent liability being recorded on the balance sheet. Certain lease agreements contain provisions that grant additional rents based on tenants’ sales volumes (contingent or percentage rent) which we recognize when the tenants achieve the specified targets as defined in their lease agreements. We periodically review the valuation of the asset/liability resulting from the straight-line accounting treatment of our leases in light of any changes in lease terms, financial condition or other factors concerning our tenants.

Receivables

We record a tenant receivable for amounts due from tenants such as base rents, tenant reimbursements and other charges allowed under the lease terms. We periodically review tenant receivables for collectability and determine the need for an allowance for the uncollectible portion of accrued rents and other accounts receivable based upon customer creditworthiness (including expected recovery of a claim with respect to any tenants in bankruptcy), historical bad debt levels and current economic trends. We consider a receivable past due once it becomes delinquent per the terms of the lease; our standard lease form considers a rent charge past due after five days. A past due receivable triggers certain events such as notices, fees and other allowable and required actions per the lease.

Acquired Properties and Lease Intangibles

We allocate the purchase price of the acquired properties to land, building and improvements, identifiable intangible assets and to the acquired liabilities based on their respective fair values. Identifiable intangibles include amounts allocated to acquired out-of-market leases and the value of in-place leases. We determine fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including the historical operating results, known trends and specific market and economic conditions that may affect the property. Management also estimates costs to execute similar leases including leasing commissions, tenant improvements, legal and other related expenses. Such amounts are based on estimates and forecasts which, by their nature, are highly subjective and may result in future changes in the event forecasts are not realized.

Impairment of Long-Lived Assets

We periodically review investment properties for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of investment properties may not be recoverable, with an evaluation performed at least annually. These circumstances include, but are not limited to, declines in the property's cash flows, occupancy and fair market value. We measure any impairment of investment property when the estimated undiscounted operating income before depreciation and amortization, plus its residual value, is less than the carrying value of the property. To the extent impairment has occurred, we charge to income the excess of carrying value of the property over its estimated fair value. We estimate fair value using unobservable data such as operating income, estimated capitalization rates or multiples, leasing prospects and local market information. We may decide to sell properties that are held for use and the sale prices of these properties may differ from their carrying values. We did not record any impairment charges during the years ended December 31, 2014 and 2013.

Liquidity and Capital Resources

At December 31, 2014, our consolidated cash and cash equivalents totaled \$9.97 million compared to consolidated cash and cash equivalents of \$1.16 million at December 31, 2013. Cash flows from operating activities, investing activities and financing activities for the years ended December 31, 2014 and 2013 are as follows:

	Years Ended December 31,		Period Over Period Change	
	2014	2013	\$	%
Operating activities	(4,441,020)	(2,451,570)	\$ (1,989,450)	81.15 %
Investing activities	(18,161,992)	(22,582,154)	\$ 4,420,162	(19.57)%
Financing activities	31,417,677	24,135,615	\$ 7,282,062	30.17 %

Operating Activities

During the year ended December 31, 2014, our cash flows used in operating activities were \$4,441,020, compared to cash flows used in operating activities of \$2,451,570 during the year ended December 31, 2013. Operating cash flows were primarily impacted by the \$7,370,589 increase in our consolidated net loss due to the factors discussed in the "Results of Operations" section below, specifically the \$4,198,545 increase in total corporate general and administrative expenses associated with operating the REIT and acquiring and operating eight additional properties in 2014. Due to these factors, our FFO decreased \$2,617,056 for the year ended December 31, 2014, compared to the same period in 2013. FFO is a non-GAAP measurement. (See Funds from Operations reconciliation to net income).

Investing Activities

During the year ended December 31, 2014, our cash flows used in investing activities were \$18,161,992, compared to cash flows used in investing activities of \$22,582,154 during the year ended December 31, 2013. The decrease primarily related to approximately \$17,640,587 paid for the acquisitions completed in 2014, compared to \$21,875,065 paid for the acquisitions completed in 2013.

Financing Activities

During the year ended December 31, 2014, our cash flows from financing activities were \$31,417,677, compared to \$24,135,615 of cash flows from financing activities during the year ended December 31, 2013. During the year ended December 31, 2014, we received \$37,242,941 of proceeds from the sale of Series B preferred stock, compared to \$3,943,936 of proceeds from the sale of preferred stock, and \$11,862,198 from the completion of our secondary common stock offering in 2013. During the year ended December 31, 2014, we also received \$2,160,000 in proceeds from the issuance of senior non-convertible notes, compared to \$10.0 million in proceeds from similar issuances in 2013. These proceeds were partially offset by dividends and distributions, which increased to \$5,432,518 in the year ended December 31, 2014 from \$2,886,574 during the year ended December 31, 2013, primarily resulting from the additional common shares outstanding due to the August 2013 offering and the additional dividends paid on the preferred stock which totaled \$1,790,750.

Mortgage indebtedness activity during the year ended December 31, 2014 included the refinancing of \$6.9 million in loans that matured during the period, the \$2.16 million in senior notes and \$46.7 million in loans in conjunction with the 2014 acquisitions. Excluding the net impact of the refinancing transactions, principal payments on mortgage indebtedness was approximately \$2,718,000 during the year ended December 31, 2014, compared to approximately \$814,000 during the year ended December 31, 2013.

We intend to continue managing our debt prudently so as to maintain a conservative capital structure and minimize leverage within our company. As of December 31, 2014 and 2013, our debt balances consisted of the following:

	December 31,	
	2014	2013
Fixed-rate notes	\$ 141,450,143	\$ 94,562,503

The increase in total mortgage indebtedness at December 31, 2014 is primarily due to \$46.7 million in debt from acquisitions made during 2014, and from the \$2.16 million in senior non-convertible notes issued in January 2014. The weighted average interest rate and term of our fixed-rate debt are 5.14% and 6.04 years, respectively, at December 31, 2014. We have \$19.51 million of debt maturing during the year ending December 31, 2015. While we anticipate being able to refinance all the loans at reasonable market terms upon maturity, our inability to do so may materially impact our financial position and results of operations. See the financial statements included elsewhere in this Form 10-K for additional mortgage indebtedness details.

Future Liquidity Needs

The \$19.51 million in debt maturities, ongoing debt service and the \$0.42 per share targeted dividend we intend to pay for the next 12 months represent the most significant factors outside of normal operating activities impacting cash flow over the next year. Our success in refinancing the debt and executing on the acquisition strategy discussed below will dictate our liquidity needs going forward. If we are unable to execute in these areas, our ability to grow and pay future dividends may be limited without additional capital. Additionally, distributions paid in excess of earnings and profits may represent a return of capital for U.S. federal income tax purposes.

We believe significant opportunities exist in the current commercial real estate environment that will enable us to sufficiently leverage our capital and execute our growth plan. Several factors are contributing to an increased supply in available properties for acquisition, including a significant level of maturities of commercial mortgage backed securities ("CMBS") debt, strategic shifts by larger REITs to reduce debt levels and exit certain markets, and the negative impact on the real estate industry as a result of the economic downturn experienced in recent years. We believe the public REIT model provides a unique growth vehicle whereby we can either acquire properties through traditional third party acquisitions using a combination of cash generated in the capital markets and debt financing; contributions of properties by third parties in exchange for common units issued by the Operating Partnership; and contributions of existing properties owned and managed by

[Table of Contents](#)

Mr. Wheeler and his affiliates in exchange for common units issued by the Operating Partnership. Additionally, access to public market capital enhances our ability to formulate acquisition structures and terms that better meet our growth strategies.

We envision acquiring properties during the next twelve months, consisting primarily of a blend of traditional acquisitions using equity capital and external financing and property contributions in exchange for common units and debt assumption. Based on our knowledge of the property acquisition markets, there appears to be an ample inventory of properties available to enable us to meet our acquisition goals over the next twelve months, especially as it relates to those in the secondary and tertiary markets where we have historically excelled. Current cap rates in these markets have typically ranged from 8% to 10% and beyond. We believe that acquisitions at these price ranges, assuming a reasonable blend of traditional acquisition strategies and property contributions in exchange for common units and external debt financing, will produce excess cash flow to fund distributions to our stockholders and common unit holders. We intend to aggressively pursue acquisitions that fit these parameters and that will generate sufficient cash flow to support our operating model. Since 1999, Mr. Wheeler and his affiliates have acquired in excess of 60 properties. We believe our experience and success in acquiring and managing these properties will enable us to execute on our strategies.

In addition to liquidity required to fund debt payments, distributions and acquisitions, we may incur some level of capital expenditures during the year for the existing thirty retail properties that cannot be passed on to our tenants. The majority of these expenditures occur subsequent to acquiring a new property that requires significant improvements to maximize occupancy and lease rates, with an existing property that needs a facelift to improve its marketability or when tenant improvements are required to make a space fit a particular tenant's needs.

On April 1, 2014, we announced that we had entered into a \$25 million secured guidance line credit facility with KeyBank National Association. We will be able to utilize this credit facility until December 31, 2015. We expect to use the facility for the acquisition of select grocery-anchored properties located in secondary and tertiary markets throughout the Northeast, Mid-Atlantic, Southeast and Southwest regions of the United States.

On March 19, 2015, we completed our Series C Mandatorily Convertible Cumulative Perpetual Preferred Stock offering, raising approximately \$90,000,000 to fund contemplated acquisitions and for general working capital purposes. Compass Point Research & Trading, LLC acted as the lead placement agent and received a commission in the amount of \$5,565,000. Please see Note 9 to the consolidated financial statements for details.

Off-Balance Sheet Arrangements

As of December 31, 2014, we were not involved in any significant off-balance sheet arrangements that are likely to have a material effect on our financial condition, revenues or expenses, results of operations, liquidity, capital resources or capital expenditures.

Property Revenues

Total same store property revenues for the year ended December 31, 2014 were \$6,398,546, compared to \$6,543,707 for the year ended December 31, 2013, representing a decrease of \$145,161, or 2.22%. The decrease in same store revenues primarily resulted from Riversedge not paying rent and tenant reimbursements during November and December 2014 due to the internalization of the Operating Companies, and a reduction in amortization of below market leases. Seven of the centers

[Table of Contents](#)

representing same stores are 100% leased and two are in excess of 95% leased, resulting in nominal fluctuations in revenues at these centers.

The year ended December 31, 2014 represents a partial year of operations for the twelve acquisitions made in 2014. The 2014 and 2013 acquisitions contributed \$10.31 million in revenues for the year ended December 31, 2014. Going forward we believe these properties will generate a significant amount of revenue for our company and we will benefit from future contractual rent increases.

Property Expenses

Total same store operating expenses for the year ended December 31, 2014 were \$1,355,391, compared to \$1,275,541 for the year ended December 31, 2013, respectively. The increase was primarily due to increases in repairs and maintenance and utility expenses which typically fluctuate from period to period depending on timing and weather. Four of the same store centers are free-standing buildings, one center was built in 2009 and another center was significantly renovated during 2008. Accordingly, those centers require minimal maintenance. Additionally, two of the free-standing buildings have triple-net leases in which the tenant is responsible for the majority of all operating costs to the properties.

Other Operating Expenses

Same store other operating expenses for the year ended December 31, 2014 were \$7,001,883, representing an increase of \$1,084,016 over the year ended December 31, 2013. The increase is primarily associated with professional fees and other expenses as a result of being a publicly traded company, property acquisitions and legal matters, and two months of operating expenses resulting from internalizing the Operating Companies during October 2014. The expenses related to being a publicly traded company primarily consisted of costs associated with legal, audit, tax, Board of Directors fees, directors' and officers' insurance, investor relations, REIT management fees and consulting fees.

Total acquisition expenses for same and new stores were \$3,787,907, which included \$2,691,000 in acquisition fees, and approximately \$879,000 for legal, accounting and other professional costs associated with these acquisitions. This compares to \$2,856,000 of acquisition related costs incurred during 2013.

Same store depreciation and amortization expense for the year ended December 31, 2014 decreased \$710,569, or 26.48%, resulting from more assets becoming fully depreciated and amortized.

Interest Expense

Same store interest expense increased \$1,345,552 or 71.69% for the year ended December 31, 2014, compared to \$1,876,890 for the year ended December 31, 2013. The increase primarily resulted from interest of approximately \$1,078,000 on the \$12.16 million of senior convertible and non-convertible notes issued in December 2013 and January 2014. Total interest expense for the year ended December 31, 2014 increased \$4,315,616 or 172.78% compared to the year ended December 31, 2013, primarily due to the \$46.7 million increase in debt resulting from the acquisitions made in 2014.

Funds from Operations

Below is a comparison of same store FFO, which is a non-GAAP measurement, for the years ended December 31, 2014 and 2013:

During the year ended December 31, 2014, same store FFO decreased \$3,365,148 as compared to the year ended December 31, 2013, primarily due to an increase of \$1,926,745 in same store corporate general and administrative expenses for the year ended December 31, 2014. The increase in corporate general and administrative expenses is discussed in the "Other

[Table of Contents](#)

Operating Expenses” section above. Excluding the impact of acquisition related costs and certain non-cash items, total FFO for the years ended December 31, 2014 and 2013 would have been approximately \$(1,125,658) and \$1,600,171, respectively, as shown in the table below.

We believe that the computation of FFO in accordance with NAREIT’s definition includes certain items that are not indicative of the results provided by our operating portfolio and affect the comparability of our period-over-period performance. These items include, but are not limited to, legal settlements, non-cash share-based compensation expense, non-cash amortization on loans and acquisition costs. Therefore, in addition to FFO, management uses Core FFO, which we define to exclude such items. Management believes that these adjustments are appropriate in determining Core FFO as they are not indicative of the operating performance of our assets. In addition, we believe that Core FFO is a useful supplemental measure for the investing community to use in comparing us to other REITs as many REITs provide some form of adjusted or modified FFO. However, there can be no assurance that Core FFO presented by us is comparable to the adjusted or modified FFO of other REITs.

Same Store and New Store Operating Income

The following table provides same store and new store financial information. The discussion below focuses on same store results of operations since all acquisitions (new stores) have occurred subsequent to our formation during November 2012. Accordingly, 2012 operating data presented for new stores represents a nominal period of time and a comparative discussion would not provide useful information. Same stores consist of those properties we owned during all periods presented in their entirety. Same store data includes the 2013 and 2012 twelve month results of the following entities that were part of the original REIT formation transaction:

- The Shoppes at Eagle Harbor
- Monarch Bank Building
- Amscot Building
- Riversedge North
- Walnut Hill Plaza
- Wheeler Real Estate Investment Trust, Inc.
- Wheeler Real Estate Investment Trust, L.P.

New store financial information reflects the activity from the acquisition date to year-end for the following entities:

Property Revenues

Total same store property revenues for the year ended December 31, 2013 were \$1,988,710, compared to \$2,008,460 for the year ended December 31, 2012, representing a decrease of \$19,750, or 0.98%. Same store revenues fluctuated primarily due to the amount and timing of prior year tenant reimbursement reconciliation adjustments, contractual rent adjustments, and a nominal reduction in occupancy due to a 1,286 square foot vacancy arising at one of our centers. Four of the five centers representing same stores are 100% leased and the fifth center is 94.48% leased, resulting in nominal fluctuations in revenues at these centers.

The year ended December 31, 2013 represents a full year of operations reported for the properties acquired as part of the our November 2012 formation and those acquired during December 2012, and a partial year of operations for the twelve acquisitions made in 2013. The 2013 acquisitions contributed \$6.7 million in revenues for the year ended December 31, 2013. Going forward we believe these properties will generate a significant amount of revenue for our company and we will benefit from future contractual rent increases.

Property Expenses

Total same store operating expenses for the year ended December 31, 2013 were \$419,101, compared to \$425,660 for the year ended December 31, 2012, respectively. The decrease was primarily due to decreases in repairs and maintenance and utility expenses which typically fluctuate from period to period depending on timing and weather. Three of the five same store centers are free-standing buildings, with the other two consisting of a center built in 2009 and a center that was significantly renovated during 2008. Accordingly, those centers require minimal maintenance. Additionally, two of the free-standing buildings have triple-net leases in which the tenant is responsible for the majority of all operating costs to the properties.

Other Operating Expenses

Same store other operating expenses for the year ended December 31, 2013 were \$3,091,749, representing an increase of \$1,171,017 over the year ended December 31, 2012. The increase is primarily associated with increases in professional fees and other expenses as a result of being a publicly traded company, property acquisitions and legal matters. The expenses related to being a publicly traded company primarily consisted of costs associated with legal, audit, tax, Board of Directors fees, directors' and officers' insurance, investor relations, REIT management fees and consulting fees.

Total acquisition expenses for same and new stores were approximately \$2,856,000, which included \$2,102,000 in acquisition fees, and approximately \$754,000 for legal, accounting and other professional costs associated with these acquisitions contemplated in our stock offerings. Additionally, we accrued approximately \$267,000 in legal costs for the Perimeter case (discussed in Part II, Item 1, Legal Proceedings).

Same store depreciation and amortization expense for the year ended December 31, 2013 decreased \$164,240, or 25.14%, resulting from more assets becoming fully depreciated and amortized.

Interest Expense

Same store interest expense declined \$71,468 or 8.88% for the year ended December 31, 2013, compared to \$805,068 for the year ended December 31, 2012. The decrease primarily resulted from the payoff of a \$320,000 loan during November 2012, a principal curtailment of approximately of \$511,000 during December 2012 on an existing loan, refinancing one note at a lower interest rate and the impact of declining balances on outstanding debt. The refinanced note consisted of a \$3.9 million loan refinanced at an interest rate of 4.34%, compared to the previous rate of 6.20%.

Below is a comparison of same store FFO, which is a non-GAAP measurement, for the years ended December 31, 2013 and 2012:

	Years Ended December 31,							
	Same Stores		New Stores		Total		Period Over Period Changes	
	2013	2012	2013	2012	2013	2012	\$	%
Net income (loss)	\$ (2,255,740)	\$ (1,143,000)	\$ (2,119,486)	\$ (62,657)	\$ (4,375,226)	\$ (1,205,657)	\$ (3,169,569)	262.89 %
Depreciation of real estate assets	488,975	653,215	2,977,982	168,937	3,466,957	822,152	2,644,805	321.69 %
Total FFO	\$ (1,766,765)	\$ (489,785)	\$ 858,496	\$ 106,280	\$ (908,269)	\$ (383,505)	\$ (524,764)	(136.83)%

During the year ended December 31, 2013, same store FFO decreased \$1,276,980 as compared to the year ended December 31, 2012, primarily due to an increase of \$1,331,731 in same store corporate general and administrative expenses for the year ended December 31, 2013. The increase in corporate general and administrative expenses is discussed in the "Other Operating Expenses" section above. Excluding the impact of acquisition and legal related costs, total FFO for the years ended December 31, 2013 would have been approximately \$2,214,731 and \$183,495, respectively, as shown in the table below.

We believe that the computation of FFO in accordance with NAREIT's definition includes certain items that are not indicative of the results provided by our operating portfolio and affect the comparability of our period-over-period performance. These items include, but are not limited to, legal settlements, non-cash share-based compensation expense, non-cash amortization on loans and acquisition costs. Therefore, in addition to FFO, management uses Core FFO, which we define to exclude such items. Management believes that these adjustments are appropriate in determining Core FFO as they are not indicative of the operating performance of our assets. In addition, we believe that Core FFO is a useful supplemental measure for the investing community to use in comparing us to other REITs as many REITs provide some form of adjusted or modified FFO. However, there can be no assurance that Core FFO presented by us is comparable to the adjusted or modified FFO of other REITs.

	Years Ended December 31,	
	2013	2012
Total FFO	\$ (908,269)	\$ (383,505)
Acquisition fees	2,102,000	—
Legal and accounting costs for acquisitions	754,000	567,000
Perimeter legal accrual	267,000	—
Total Core FFO	\$ 2,214,731	\$ 183,495

Item 9A. Controls and Procedures.

Disclosure Controls and Procedures

Our management, under the supervision and with the participation of our principal executive and financial officer, has evaluated the effectiveness of our disclosure controls and procedures in ensuring that the information required to be disclosed in our filings under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, including ensuring that such information is accumulated and communicated to our company's management, as appropriate, to allow timely decisions regarding required disclosure. Based on such evaluation, our principal executive and financial officer have concluded that such disclosure controls and procedures were effective as of December 31, 2014 (the end of the period covered by this Annual Report).

Management's Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting, as defined in rules promulgated under the Exchange Act, is a process designed by, or under the supervision of, our Chief Executive Officer and Chief Financial Officer and effected by our Board of Directors, management and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with GAAP. Internal control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that our receipts and expenditures are being made only in accordance with authorizations of our management and our Board of Directors; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Our internal control over financial reporting is evaluated on a regular basis by personnel in our organization. The overall goals of these various evaluation activities are to monitor our internal control over financial reporting and to make modifications as necessary, as disclosure and internal controls are intended to be dynamic systems that change (including improvements and corrections) as conditions warrant. Part of this evaluation is to determine whether there were any significant deficiencies or material weaknesses in our internal control over financial reporting, or whether we had identified any acts of fraud involving personnel who have a significant role in our internal control over financial reporting. Significant deficiencies are control issues that could have a significant adverse effect on the ability to record, process, summarize and report financial data in the financial statements. Material weaknesses are particularly serious conditions where the internal control over financial reporting does not reduce to a relatively low level the risk that misstatements caused by error or fraud may occur in amounts that would be material in relation to the financial statements and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Management conducted an assessment of the effectiveness of our company's internal control over financial reporting as of December 31, 2014, utilizing the framework established in "INTERNAL CONTROL-INTEGRATED FRAMEWORK" issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this assessment, management has determined that our internal controls over financial reporting as of December 31, 2014 were effective.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Changes in Internal Control Over Financial Reporting

During the year ended December 31, 2014, our internal control over financial reporting was strengthened through the implementation of an automated and fully integrated accounts payable system.

(1) Independent director.

Biographical Summaries of Directors and Executive Officers

The following are biographical summaries of the experience of our directors, executive officers and certain other officers.

Jon S. Wheeler has served as our Chairman since our formation in June of 2011. In addition, Mr. Wheeler served as our President from our formation until January 2013 when his title was changed from President to Chief Executive Officer. Mr. Wheeler has also served as the President and CEO of Wheeler Interests since its inception in 1999. Mr. Wheeler has several years of experience as a real estate executive with an extensive background in strategic financial and market analyses and assessments of new or existing properties to maximize returns, which are then positioned for acquisition, growth and disposition. Since founding Wheeler Interests in 1999, Mr. Wheeler has helped Wheeler Interests to acquire over sixty shopping centers in New York, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Tennessee, Georgia, Florida, Oklahoma and Texas, representing over four million square feet of improved real estate property. Mr. Wheeler holds a B.A. degree in political science from Southern Methodist University. Mr. Wheeler was selected as our Chairman because of his experience in retail leasing, marketing, acquisition, development, financing, management and disposition of strip centers, neighborhood centers, community centers, power centers and mixed-use retail space in both the urban and suburban markets within the Northeast, Mid-Atlantic, Southeast and Southwest regions of the United States.

Steven M. Belote, a Certified Public Accountant, has served as our Chief Financial Officer (CFO) since August 2011. After receiving a Bachelor's of Science Degree in Accounting from Virginia Tech, he spent seven years working in Washington, DC with BDO Seidman, LLP, a large international public accounting and consulting firm. In June 1995, he joined Shore Bank as their CFO, subsequently playing a significant role in taking the bank public in 1997. Mr. Belote served as CFO for the bank's publicly-traded bank holding company, Shore Financial Corporation, until the company was purchased in June 2008.

[Table of Contents](#)

Mr. Belote continued as the bank's CFO until becoming its president in June 2009; a role he held until December 2010. Mr. Belote has been affiliated with and held various roles in many organizations, including: the Melfa Rotary Club from 2006-2010, serving as the club's president from 2008-2009; the Eastern Shore of Virginia Chamber of Commerce Board of Directors from 2004-2010, serving as treasurer from 2009-2010; the Eastern Shore of Virginia United Way from 2000-2008, serving as campaign chair during 2000 and serving on the board of directors from 2001-2008, including the role of president from 2004-2006; the Virginia Bankers Association CFO Committee from 1999-2009, serving as chair from 2003-2006; a member of the Maryland Financial Bank advisory board from 2005-present; and as a member of the Bay Beyond, Inc. (Blue Crab Bay Co.) advisory board from 1997 through 2005, among others.

Robin A. Hanisch has served as the Secretary of our Board of Directors since August 2011. Ms. Hanisch has served as an Associate at Wheeler Interests since 2000, where she oversees Investor Relations. Ms. Hanisch has been the main point of contact for investors in Wheeler Interests and will serve as the main point of contact for our investors. Prior to joining Wheeler Interests, Ms. Hanisch worked in fund development and marketing for a national non-profit organization. She graduated from the University of Hawaii with a degree in merchandising.

Christopher J. Ettl has served as a director of our company since 2011. In 1988, Mr. Ettl founded VB Homes, LLC, a residential design-build firm, specializing in high quality residential renovations and additions as well as new construction. Mr. Ettl has served as the Managing Partner of VB Homes, LLC since its inception. Mr. Ettl has been a Virginia Real Estate Broker since 1990. He currently serves on the Board of Directors of the Tidewater Builders Association and the Virginia Beach Advisory Board of Monarch Bank. He also previously served as the Chairman of the Tidewater Builders Association Remodeler's Council and the President of the Board for the Virginia Beach Public Schools Education Foundation. Mr. Ettl received his Bachelor of Science degree from James Madison University in 1982. Mr. Ettl was selected as a director because of his years of experience in the real estate and construction industries as well as his management experience.

David Kelly has served as a director since 2011. Mr. Kelly has over twenty five years of experience in the real estate industry and currently serves as Senior Vice President, Director of Acquisitions for Wheeler Interests. Prior to joining Wheeler, Mr. Kelly was the principal of Kelly Development, LLC, a real estate development firm he founded in 2011. Kelly Development specialized in the acquisition and management of retail properties in the Mid-Atlantic region. From 1998 through 2011, Mr. Kelly served as Director of Real Estate for Supervalu, Inc., a Fortune 100 supermarket retailer. Mr. Kelly focused on site selection and acquisition for Supervalu from New England to the Carolinas completing transactions totaling over \$500,000,000. Mr. Kelly currently serves as the President of the Board of Directors of the Norfolk, Virginia SPCA and has a Bachelor of Science in Finance degree from Bentley College (now Bentley University). Mr. Kelly was selected as a director because of his years of experience in the real estate industry as well as his experience in real estate management at a publicly traded company.

William W. King has served as a director of our company since 2011. Mr. King currently serves, on a volunteer basis, as Executive Director of the Virginia Maritime Heritage Foundation, a 501(c)(3) corporation that owns and operates the schooner Virginia. He was appointed to that position in September of 2009. From 1988 through 2008 Mr. King served as the headmaster of Norfolk Collegiate School, an independent, co-educational, K-12 college preparatory day school. He also remained employed by the Norfolk Collegiate School until June 2009 as a special assistant to the headmaster and served on its board of trustees from 1984-2009. Prior to his service at Norfolk Collegiate School, Mr. King was Executive Vice President of SRMS, a management consulting corporation that primarily contracted for services with the U.S. Navy and the U.S. Air Force. Mr. King served in the United States Navy from 1962 until 1984, when he retired with the rank of Captain. During his time in the United States Navy, he served in seven combatant ships, two of which he commanded, did several combat tours in Vietnam, served two tours in the Pentagon, including two years as aide to the Chief of Naval Operations, and was a Deputy Chief of Staff to the Commander of the United States Atlantic Command and the Commander-in-Chief of the United States Atlantic Fleet. Mr. King graduated from the University of Virginia in 1963 with a Bachelor of Science Degree in Finance, the Navy Postgraduate School in 1977 with a Master of Science in Financial Management, and from Old Dominion University in 1995 with a Certificate of Advanced Studies in Education Leadership and Administration. He currently serves on the Board of Directors of Chesapeake Bay Academy, the Future of Hampton Roads, Inc. and Horizons Hampton Roads. Mr. King was selected as a director because of his leadership experience.

Warren D. Harris has served as a director since 2014. Mr. Harris is the Director of Economic Development for the City of Virginia Beach, and is responsible for expanding and diversifying the tax base, increasing per capita income and retaining employment opportunities for the city. During his tenure with the City of Virginia Beach, Mr. Harris's work in economic development has led to the establishment of international offices in Germany and the Philippines. Mr. Harris holds an undergraduate degree in political science from Hampton University and a master's degree in public administration from Old Dominion University. Mr. Harris is very active in the community and serves on a number of boards and community service organizations. Mr. Harris currently serves on the Board of Trustees at Norfolk Academy, the Old Dominion University Center

Dr. McGowan was chosen as a director because of his financial expertise.

Ann L. McKinney has served as a director of our company since 2011. Ms. McKinney was appointed President and Principal Broker of Wheeler Real Estate Company upon its formation in March, 2000. First licensed in 1974, Ms. McKinney currently holds a Real Estate Broker's license in Virginia, North Carolina, South Carolina, Florida, Mississippi, Alabama, Oklahoma and Tennessee. Her responsibilities with Wheeler Real Estate Company include dispositions, marketing and public relations, and the management of all real estate licenses. Ms. McKinney was chosen as a director because of her leadership and management expertise.

Jeffrey M. Zwerdling, Esquire, has served as a director since 2013. Mr. Zwerdling is founder and managing partner of the law firm of Zwerdling, Oppleman & Adams which was formed in 1972 in Richmond, Virginia. Mr. Zwerdling's areas of concentration include corporate law, commercial and residential real estate, personal estate planning, and general litigation. From 1999-2012 he served as President and Director of The Corporate Centre, a 225,000 square foot office park complex located in Richmond, Virginia. In May of 2013, Mr. Zwerdling was appointed to the Board of Directors of Capitol Securities Management Inc. ("CSM"). CSM is a FINRA registered broker dealer whose assets exceed \$4 billion. Mr. Zwerdling was commissioned as a Second Lieutenant in the United States Army in 1967, served in the Army Reserve and Virginia National Guard, and received his honorable discharge after obtaining the rank of Captain in 1981. Mr. Zwerdling holds a Bachelor of Science Degree from Virginia Commonwealth University and received a Juris Doctor Degree from the College of William and Mary School of Law. He was an organizational investor in Southern Community Bank & Trust, now Village Bank. In 1998, Mr. Zwerdling was elected to the Board of Directors of Supertel Hospitality, Inc., a public company which trades on the NASDAQ Stock Exchange. Supertel is a real estate investment trust (REIT) which is a focused-service segment of the lodging industry. During his tenure at Supertel, Mr. Zwerdling served on various committees, including the Acquisitions and Dispositions Committee, and was a member and former chairman of the Audit Committee. Mr. Zwerdling was chosen as a director for his prior public company board experience.

Jeffrey B. Parker, a Certified Commercial Investment Member (CCIM), has served as our Director of Leasing since October 2014. A graduate of Hampden-Sydney College, Mr. Parker began his real estate career in the regional office of CB Richard Ellis ("CBRE"). As a vice president at CBRE, Mr. Parker spent ten years handling the leasing and sale of commercial properties. Prior to joining our company, Mr. Parker served as the Real Estate Portfolio Manager for the Southeast and Mid-Atlantic regions of the United States for Dollar Tree Stores, Inc. where he was responsible for a portfolio of over 1100 stores and created many key relationships throughout the industry. Mr. Parker is a past honoree of the Inside Business "Top 40 Under 40" which recognizes outstanding young business people in the Hampton Roads community, and he serves on the Board of Directors of the Hope House Foundation. Mr. Parker earned his CCIM designation in 2006 which is a designation held by a worldwide group of 13,000 recognized experts in the commercial and investment real estate industry.

Victoria Paul has served as our Senior Vice President of Operations since October 2014. Prior to October 2014, Ms. Paul served in a similar capacity at Wheeler Interests, LLC which she joined in 2002. Ms. Paul has over twelve years of experience in commercial management, including a mix of retail, office and warehouse property, and has managed a portfolio of 2.73 million square feet. As the Senior Vice President of Operations, Ms. Paul's duties include overseeing the property managers, lease administration and legal, and working closely with the leasing team to ensure that each department is performing their responsibilities in such a fashion as to maximize the value of each investment. Ms. Paul conducts in-house technical training for the management staff and organizes companywide initiatives. Ms. Paul is a licensed real estate agent, a designated SCSM (System Center Service Manager), an active member of the International Council of Shopping Centers and a Class A BLD

certified licensed contractor. Ms. Paul has been a member of the Hampton Roads Chapter of CREW (Career Real Estate Women) since 2009 and currently serves on the Board of Directors as President-Elect. In December 2008, Ms. Paul was honored as an award winner at Inside Business' "Women in Business Awards" luncheon and was also profiled in Inside Business for her leadership skills and professional achievements.

Corporate Governance Profile

Our board consists of eight directors, five of whom are independent as determined in accordance with the listing standards established by the NASDAQ Capital Market, and our board makes an affirmative determination as to the independence of each of our directors on an annual basis. We have adopted a code of business ethics and corporate governance principles.

Role of the Board in Risk Oversight

One of the key functions of our board of directors is informed oversight of our risk management process. Our board of directors administers this oversight function directly, with support from its three standing committees, the audit committee, the nominating and corporate governance committee and the compensation committee, each of which addresses risks specific to their respective areas of oversight. In particular, our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Selection of Nominees for the Board

The Nominating and Corporate Governance Committee will consider candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. The committee may also retain a third-party executive search firm to identify candidates upon request of the committee from time to time. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Company's Corporate Secretary or any member of the Nominating and Corporate Governance Committee in writing with whatever supporting material the stockholder considers appropriate. The Nominating and Corporate Governance Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of the Company's bylaws relating to stockholder nominations.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the committee will make an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination will be based on whatever information is provided to the committee with the recommendation of the prospective candidate, as well as the committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination will be based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request the third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the committee. The committee will then evaluate the prospective nominee against the standards and qualifications generally set out in the Company's *Corporate Governance Guidelines*, including:

- the ability of the prospective nominee to represent the interests of the stockholders of the Company;
- the prospective nominee's standards of integrity, commitment and independence of thought and judgment;
- the prospective nominee's ability to dedicate sufficient time, energy, and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards, as specifically set out in the Company's *Corporate Governance Guidelines*;
- the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board;
- the extent to which the prospective nominee helps the Board reflect the diversity of the Company's stockholders, employees, customers, guests and communities; and
- the willingness of the prospective nominee to meet any minimum equity interest holding guideline.

The Nominating and Corporate Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating and Corporate Governance Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating and Corporate Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the committee.

The bylaws of the Company provide that any stockholder entitled to vote at the Annual Meeting in the election of directors generally may nominate one or more persons for election as directors at a meeting only if written notice of such stockholders' intention to make such nomination has been delivered personally to, or has been mailed to and received by the Secretary at the principal office of the Company not later than 10 days following the notice this annual meeting. If a stockholder has a suggestion for candidates for election, the stockholder should follow this procedure. Each notice from a stockholder must set forth (i) the name and address of the stockholder who intends to make the nomination and the name of the person to be nominated, (ii) the class and number of shares of stock held of record, owned beneficially and represented by proxy by such stockholder as of the record date for the meeting and as of the date of such notice, (iii) a representation that the stockholder intends to appear in person or by proxy at the meeting to nominate the person specified in the notice, (iv) a description of all arrangements or understandings between such stockholder and each nominee and any other person (naming those persons) pursuant to which the nomination is to be made by such stockholder, (v) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules, and (vi) the consent of each nominee to serve as a director of the Company if so elected. The chairman of the Annual Meeting may refuse to acknowledge the nomination of any person not made in compliance with this procedure.

Determinations of Director Independence

The Board of Directors reviews the independence of each director yearly. During this review, the Board of Directors considers transactions and relationships between each director (and his or her immediate family and affiliates) and the Company and its management to determine whether any such relationships or transactions are inconsistent with a determination that the director is independent in light of applicable law, listing standards and the Company's director independence standards. The Company believes that it maintains a majority of independent directors who are deemed to be independent under the definition of independence provided by NASDAQ Listing Rule 5605(a)(2).

Board Meetings During Fiscal 2014

The Board met seven times during fiscal year 2014. No incumbent director attended fewer than 100% of the meetings of the Board, and each director attended all of the meetings of the Committees on which he or she served. Under the Company's *Corporate Governance Guidelines*, each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including by attending meetings of the stockholders of the Company, the Board and Committees of which he or she is a member.

Board Committees

Our board of directors has established four standing committees: an audit committee, a compensation committee, a nominating and corporate governance committee and an investment committee. The principal functions of each committee are briefly described below. Each of these committees is comprised exclusively of independent directors. Additionally, our board of directors may from time to time establish certain other committees to facilitate the management of our company.

[Table of Contents](#)

Audit Committee

Our Audit Committee consists of three of our independent directors: Carl B. McGowan, Jr., William W. King and Warren Harris. Dr. McGowan, the chairman of our Audit Committee, qualifies as an “audit committee financial expert” as that term is defined by the applicable SEC regulations and NASDAQ Capital Market corporate governance requirements. In addition, each of the audit committee members is “financially sophisticated” as that term is defined by the NASDAQ Capital Market corporate governance requirements. The Audit Committee has adopted a charter which details the principal functions of the audit committee, including oversight related to:

- our accounting and financial reporting processes;
- the integrity of our consolidated financial statements and financial reporting process;
- our systems of disclosure controls and procedures and internal control over financial reporting;
- our compliance with financial, legal and regulatory requirements;
- the evaluation of the qualifications, independence and performance of our independent registered public accounting firm;
- the performance of our internal audit function; and
- our overall risk profile.

The Audit Committee is also responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The Audit Committee also prepares the audit committee report required by SEC regulations to be included in our annual proxy statement. The Audit Committee met six times in 2014.

Compensation Committee

Our Compensation Committee consists of three of our independent directors: Christopher J. Ettel, William W. King and Jeffrey Zwerdling. The Compensation Committee has adopted a charter which details the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our executive officers’ compensation, evaluating our executive officers’ performance in light of such goals and objectives and determining and approving the remuneration of our executive officers based on such evaluation;
- reviewing and approving the compensation, if any, of all of our other officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

Mr. King has been designated as chair of the Compensation Committee and Christopher J. Ettel and Jeff Zwerdling have been appointed as members of the Compensation Committee. The Compensation Committee met three times in 2014.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of three of our independent directors: Warren Harris, William W. King and Christopher J. Ettel. The Nominating and Corporate Governance Committee has adopted a committee charter which details the principal functions of the nominating and corporate governance committee, including:

- identifying and recommending to the full board of directors qualified candidates for election as directors and recommending nominees for election as directors at the annual meeting of stockholders;
- developing and recommending to the board of directors corporate governance guidelines and implementing and monitoring such guidelines;
- reviewing and making recommendations on matters involving the general operation of the board of directors, including board size and composition, and committee composition and structure;
- recommending to the board of directors nominees for each committee of the board of directors;

[Table of Contents](#)

- annually facilitating the assessment of the board of directors' performance as a whole and of the individual directors, as required by applicable law, regulations and the NASDAQ Capital Market corporate governance requirements; and
- overseeing the board of directors' evaluation of management.

In identifying and recommending nominees for directors, the nominating and corporate governance committee may consider diversity of relevant experience, expertise and background. Mr. Ettel has been designated as chair of this committee. The Nominating and Corporate Governance Committee met four times in 2014.

Investment Committee

Our Investment Committee consists of three independent directors: Carl B. McGowan, Jr., Christopher J. Ettel, and Jeffrey Zwerdling. The Investment Committee is responsible for reviewing and analyzing strategic real estate acquisitions and investments. In addition, the Investment Committee makes recommendations to the Board regarding the potential real estate acquisitions and investments. The Investment Committee has not adopted a charter. All of the members of the Investment Committee are independent within the meaning of the listing standards of the NASDAQ Capital Market and the Company's *Corporate Governance Principles*. The Investment Committee met four times in 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on a review of Forms 3 and 4 and any amendments thereto furnished us pursuant to Rule 16a-3(e) under the Securities Exchange Act of 1934, or representations that no Forms 5 were required, we believe that with respect to fiscal 2013 and 2012 our officers, directors, and beneficial owners of more than 10% of our equity timely complied with all applicable Section 16(a) filing requirements.

Code of Business Conduct and Ethics

Our board of directors has established a code of business conduct and ethics that applies to our officers, directors and employees. Among other matters, our code of business conduct and ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;
- compliance with laws, rules and regulations;
- prompt internal reporting of violations of the code to appropriate persons identified in the code; and
- accountability for adherence to the code of business conduct and ethics.

Any waiver of the code of business conduct and ethics for our executive officers or directors must be approved by a majority of our independent directors, and any such waiver shall be promptly disclosed as required by law or NASDAQ Capital Market regulations. Copies of our code of business conduct and ethics are available without charge on our website, www.whlr.us or by writing or calling Robin Hanisch, Secretary, Wheeler Real Estate Investment Trust, Inc., 2529 Virginia Beach, Virginia 23452, (757) 627-9088.

Limitation of Liability and Indemnification

We have entered into indemnification agreements with each of our directors and executive officers that obligate us, if a director or executive officer is or is threatened to be made a party to any proceeding by reason of such director's or executive officer's status as a present or former director, officer, employee or agent of our company or as a director, trustee, officer, partner, manager, managing member, fiduciary, employee or agent of another enterprise that the director or executive officer served in such capacity at our request, to indemnify such director or executive officer, and advance expenses actually and reasonably incurred by him or her, or on his or her behalf, unless it has been established that:

- the act or omission of the director or executive officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty;
- the director or executive officer actually received an improper personal benefit in money, property or services; or
- with respect to any criminal action or proceeding, the director or executive officer had reasonable cause to believe his or her conduct was unlawful.

In addition, except as described below, our directors and executive officers are not entitled to indemnification pursuant to the indemnification agreement:

Table of Contents

- if the proceeding was one brought by us or in our right and the director or executive officer is adjudged to be liable to us;
- if the director or executive officer is adjudged to be liable on the basis that personal benefit was improperly received in a proceeding charging improper personal benefit to the director or executive officer; or
- in any proceeding brought by the director or executive officer other than to enforce his or her rights under the indemnification agreement, and then only to the extent provided by the agreement, and except as may be expressly provided in our charter, our bylaws, a resolution of our board of directors or of our stockholders entitled to vote generally in the election of directors or an agreement approved by our board of directors.

Notwithstanding the limitations on indemnification described above, on application by a director or executive officer of our company to a court of appropriate jurisdiction, the court may order indemnification of such director or executive officer if the court determines that such director or executive officer is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the director or executive officer (1) has met the standards of conduct set forth above or (2) has been adjudged liable for receipt of an “improper personal benefit”; however, our indemnification obligations to such director or executive officer will be limited to the expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection with any proceeding by or in the right of our company or in which the officer or director shall have been adjudged liable for receipt of an improper personal benefit. If the court determines the director or executive officer is so entitled to indemnification, the director or executive officer will also be entitled to recover from us the expenses of securing such indemnification.

Notwithstanding, and without limiting, any other provisions of the indemnification agreements, if a director or executive officer is or is threatened to be made a party to any proceeding by reason of such director’s or executive officer’s status as a director, officer, employee or agent of our company or as a director, trustee, officer, partner, manager, managing member, fiduciary, employee or agent of another entity that the director or executive officer served in such capacity at our request, and such director or executive officer is successful, on the merits or otherwise, as to one or more (even if less than all) claims, issues or matters in such proceeding, we must indemnify such director or executive officer for all expenses actually and reasonably incurred by him or her, or on his or her behalf, in connection with each successfully resolved claim, issue or matter, including any claim, issue or matter in such a proceeding that is terminated by dismissal, with or without prejudice.

In addition, the indemnification agreements require us to advance reasonable expenses incurred by the indemnitee within ten days of the receipt by us of a statement from the indemnitee requesting the advance, provided the statement evidences the expenses and is accompanied by:

- a written affirmation of the indemnitee’s good faith belief that he or she has met the standard of conduct necessary for indemnification; and
- a written undertaking to reimburse us if a court of competent jurisdiction determines that the director or executive officer is not entitled to indemnification.

The indemnification agreements also provide for procedures for the determination of entitlement to indemnification, including a requirement that such determination be made by independent counsel after a change of control of us.

Our charter permits us and our bylaws obligate us, to the maximum extent permitted by Maryland law, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding to (1) any of our present or former directors or officers who is made or threatened to be made a party to the proceeding by reason of his service in that capacity or (2) any individual who, while serving as our director or officer and at our request, serves or has served as a director, officer, partner, trustee, member or manager of another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise, and who is made or threatened to be made a party to the proceeding by reason of his service in that capacity.

Generally, Maryland law permits a Maryland corporation to indemnify its present and former directors and officers except in instances where the person seeking indemnification acted in bad faith or with active and deliberate dishonesty, actually received an improper personal benefit in money, property or services or, in the case of a criminal proceeding, had reasonable cause to believe that his or her actions were unlawful. Under Maryland law, a Maryland corporation also may not indemnify a director or officer in a suit by or in the right of the corporation in which the director or officer was adjudged liable to the corporation or for a judgment of liability on the basis that a personal benefit was improperly received. A court may order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification, even though the director or officer did not meet the prescribed standard of conduct; however, indemnification for an adverse judgment in a suit by us or in our right, or for a judgment of liability on the basis that personal benefit was improperly received, is limited to expenses.

[Table of Contents](#)

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 11. Executive Compensation

Our Compensation Committee compensation policies are based on factors such as the desire to retain our named executive officers' services over the long term, aligning their interests with those of our stockholders, incentivizing them over the near, medium and long term, rewarding them for exceptional performance and such other factors as our compensation committee may consider in shaping its compensation philosophy. Our compensation strategy focuses on providing a total compensation package that will not only attract and retain high-caliber executive officers, but will also be utilized as a tool to align employee contributions with our corporate objectives and stockholder interests. We aim to provide a competitive total compensation package and will share our success with our executive officers when our objectives are met.

The following is a non-exhaustive list of items that our compensation committee considers in applying our compensation philosophy to the implementation of our overall compensation program for executive officers:

- goals of the compensation program;
- role of our compensation committee;
- engagement and role(s) of an external compensation consultant and other advisors;
- involvement of management in compensation decisions;
- components of compensation, including equity, cash, incentive, fixed, short-, medium- and long-term compensation, and the interaction of these various components with one another;
- equity grant guidelines with regard to timing, type, vesting and other terms and conditions of equity grants;
- stock ownership guidelines and their role in aligning the interests of named executive officers with our stockholders;
- severance and change of control protections;
- perquisites, enhanced benefits and insurance;
- deferred compensation and other tax-efficient compensation programs;
- retirement and other savings programs;
- peer compensation, benchmarking and survey data; and
- risk mitigation and related protective and remedial measures.

Employment Agreements

Generally

We have entered into employment agreements with each of our executive officers. We believe that the protections contained in these employment agreements help to ensure the day-to-day stability necessary to our executives to enable them to properly focus their attention on their duties and responsibilities with the company and provide security with regard to some of the most uncertain events relating to continued employment, thereby limiting concern and uncertainty and promoting productivity. Each of our employment agreements with our executive officers provides for an initial term of one year. Upon a termination of employment by reason of death or disability, such terminated executive officer or his estate will be entitled to regular base salary payments for a period of two (2) months. Such employment agreements also contain customary confidentiality and non-solicitation provisions. The following is a summary of the material terms of the agreements.

Jon S. Wheeler

Under the terms of Mr. Wheeler's employment agreement, Mr. Wheeler is required to devote his best efforts and a significant portion of his time to our business and affairs and in return will be entitled to the following:

- Base compensation of \$475,000 annually.
- Reimbursement of reasonable expenses including but not limited to cell phone, mileage, toll and travel expenses, as well as travel expenses necessary to enhance Mr. Wheeler's skills and visibility in the real estate industry.
- Various benefits equal to the benefits provided to similar situated employees.

[Table of Contents](#)

Under Mr. Wheeler's employment agreement, if he is terminated without "cause" (as defined in the employment agreement) then, in addition to accrued amounts, Mr. Wheeler shall be entitled to his regular base salary payable in regular periodic installments (i) for a period of fifty-two (52) weeks.

If Mr. Wheeler is terminated for "cause" (as defined in his employment agreement), Mr. Wheeler shall be entitled to receive any base salary earned and benefits accrued as of the date of his termination, and our company shall have no further obligation to Mr. Wheeler.

Steven M. Belote

Under the terms of Mr. Belote's employment agreement, Mr. Belote is required to devote his best efforts and a significant portion of his time to our business and affairs and in return will be entitled to the following:

- Mr. Belote's base compensation is \$265,000 annually.
- Reimbursement of reasonable expenses including but not limited to cell phone, mileage, toll and travel expenses, as well as travel expenses necessary to enhance Mr. Belote's skills and visibility in the real estate industry.
- Various benefits equal to the benefits provided to similar situated employees, not to include healthcare.

Under Mr. Belote's employment agreement, if he is terminated without "cause" (as defined in the employment agreement) then, in addition to accrued amounts, Mr. Belote shall be entitled to his regular base salary payable in regular periodic installments (i) for a period of fifty-two (52) weeks.

If Mr. Belote is terminated for "cause" as defined in his employment agreement, Mr. Belote shall be entitled to receive any base salary earned and benefits accrued as of the date of his termination, and our company shall have no further obligation to Mr. Belote.

Robin Hanisch

Under the terms of Ms. Hanisch's employment agreement, Ms. Hanisch is required to devote her best efforts and a significant portion of her time to our business and affairs and in return will be entitled to the following:

- Base compensation of \$125,000 annually.
- Reimbursement of reasonable expenses including but not limited to cell phone, mileage, toll and travel expenses, as well as travel expenses necessary to enhance Ms. Hanisch's skills and visibility in the real estate industry.
- Various benefits equal to the benefits provided to similar situated employees, not to include healthcare.

Under Ms. Hanisch's employment agreement, if she is terminated without "cause" (as defined in the employment agreement) then, in addition to accrued amounts, Ms. Hanisch shall be entitled to her regular base salary payable in regular periodic installments (i) for a period of fifty-two (52) weeks.

If Ms. Hanisch is terminated for "cause" as defined in her employment agreement, Ms. Hanisch shall be entitled to receive any base salary earned and benefits accrued as of the date of his termination, and our company shall have no further obligation to Ms. Hanisch.

Share Incentive Plan

Pursuant to our 2012 Share Incentive Plan, we may award incentives covering an aggregate of 500,000 shares of our common stock. The options will vest at a rate of 20% per year for five years and have a per share exercise price equal to the fair market value of one of our common shares on the date of grant. We have not yet determined the recipients of any such grants.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of a board of directors or compensation committee, or other committee serving an equivalent function, of any other entity that has one or more of its executive officers serving as a member of our board of directors or compensation committee.

Compensation Tables

Summary Compensation Table

Our executive officers are compensated by our Administrative Service Company. The table below only shows compensation received by our Chief Executive Officer and Chief Financial Officer in 2011, 2012 and 2013. No other officers received compensation in excess of \$100,000 in any year.

Director Compensation

Directors who are officers of our company do not receive any compensation for their services. Directors are entitled to receive \$15,000 per year for serving as directors and may receive stock grants from our company. We reimburse each of our directors for his or her travel expenses incurred in connection with his or her attendance at full board of directors and committee meetings. The following table summarizes directors' compensation for 2014:

Name	Fees Earned or Paid in Cash	Stock Awards	Total
Christopher J. Ettel	\$ 15,000	\$ 10,000	25,000

(2) Served as a director until June 2014.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Shareholder Matters

The following table sets forth certain information regarding the beneficial ownership of shares of our common stock and shares of common stock into which common units are exchangeable for (1) each person who is the beneficial owner of 5% or more of our outstanding common stock, (2) each of our directors and named executive officers, and (3) all of our directors and executive officers as a group. Each person named in the table has sole voting and investment power with respect to all of the shares of our common stock shown as beneficially owned by such person, except as otherwise set forth in the notes to the table. The extent to which a person will hold shares of common stock as opposed to units is set forth in the footnotes below.

The SEC has defined “beneficial ownership” of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A stockholder is also deemed to be, as of any date, the beneficial owner of all securities that such stockholder has the right to acquire within 60 days after that date through (1) the exercise of any option, warrant or right, (2) the conversion of a security, (3) the power to revoke a trust, discretionary account or similar arrangement or (4) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, common shares subject to options or other rights (as set forth above) held by that person that are exercisable as of this filing or will become exercisable within 60 days thereafter, are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person. As of March 24, 2015, we had 99 stockholders of record. This number excludes our common shares owned by shareholders holding under nominee security position listings.

Unless otherwise indicated, the address of each named person is c/o Wheeler Real Estate Investment Trust, Inc., Riversedge North, 2529 Virginia Beach Blvd., Suite 200, Virginia Beach, Virginia 23452.

- (2) Based upon 7,512,979 shares of our common stock and 3,567,623 common units, which units may be redeemed for cash or, at our option, exchanged for shares of our common stock outstanding on December 31, 2014, subject to certain lock-up agreements.
- (3) Includes 708,818 shares of common stock and 1,911,550 common units, of which 660,000 and 335,680 common shares and common units, respectively, have been pledged as security.
- (4) Includes 6,289 shares of common stock and 3,185 common units.
- (5) Includes 14,620 shares of common stock and 8,435 common units.
- (6) Includes 243,169 shares of common stock, 14,000 shares of Series B convertible preferred stock convertible into 70,000 shares of common stock and 16,800 warrants to purchase 16,800 shares of common stock.
- (7) Includes 1,002,007 shares of common stock and 1,929,355 common units.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Partnership Agreement

In connection with the completion of our initial public offering, we entered into a partnership agreement with the various persons receiving common units in the formation transactions, including Mr. Wheeler, his affiliates and certain other executive officers of our company. As a result, these persons became limited partners of our Operating Partnership.

Pursuant to the Partnership Agreement, limited partners of our Operating Partnership and some assignees of limited partners will have the right, beginning 12 months after the completion of the initial public offering, to require our Operating Partnership to redeem part or all of their common units for cash equal to the then-current market value of an equal number of shares of our common stock (determined in accordance with and subject to adjustment under the Partnership Agreement), or, at our election, to exchange their common units for shares of our common stock on a one-for-one basis, subject to certain adjustments and the restrictions on ownership and transfer of our stock set forth in our charter.

Employment Agreements

We have entered into employment agreements with each of our executive officers, which provide for salary, bonus and other benefits, and severance upon a termination of employment under certain circumstances. The material terms of the agreements with our named executive officers are described under “Executive Compensation—Employment Agreements” and “Executive Compensation—Compensation Tables.”

Share Incentive Plan

We adopted our 2012 Share Incentive Plan in November 2012. Such plan authorized the issuance of up to 500,000 shares of our common stock. As of March 25, 2015, we have issued 105,834 shares under the plan to employees, directors and outside contractors for services provided.

Indemnification of Officers and Directors

Our charter and bylaws provide for certain indemnification rights for our directors and officers and we will enter into an indemnification agreement with each of our executive officers and directors, providing for procedures for indemnification and advancements by us of certain expenses and costs relating to claims, suits or proceedings arising from their service to us or, at our request, service to other entities, as officers or directors to the maximum extent permitted by Maryland law.

Other Related Party Transactions

Mr. Wheeler, when combined with his affiliates, represents the Company’s largest stockholder. Until internalizing the Operating Companies in October 2014, our Administrative Service Company, which was wholly owned by Mr. Wheeler, provided administrative services to the Company, including management, administrative, accounting, marketing, development and design services.

Prior to internalizing the Operating Companies, Wheeler Interests, LLC, a company controlled by Mr. Wheeler, leased our Riversedge property under a 10 year operating lease expiring in November 2017, with four five-year renewal options available. The lease required monthly base rental payments of \$23,600 and provided for annual increases throughout the term of the lease and subsequent option periods. Additionally, Wheeler Interests, LLC reimbursed us for a portion of the property’s operating expenses and real estate taxes. We considered the terms of the lease agreement with Wheeler Interests, LLC to be comparable to those received by other nonrelated third parties.

[Table of Contents](#)

The following summarizes related party activity of the combined Ownership Entities, as defined below, for the year ended December 31, 2014 and 2013.

	December 31,	
	2014	2013
Amounts paid to affiliates	\$ 3,827,990	\$ 1,412,126
Amounts due to affiliates	\$ (463,281)	\$ (174,683)
Rent and reimbursement income received from affiliates	\$ 329,718	\$ 288,969
Rent and other tenant receivables due from affiliates	\$ —	\$ 373,119

Acquisition of Portfolio Properties

Each portfolio property that we acquired through the Operating Partnership upon the completion of our initial public offering and the formation transactions and certain other properties subsequently acquired were owned directly or indirectly by partnerships, limited liability companies or corporations (the "Ownership Entities") in which Mr. Wheeler and his affiliates, certain of our other directors and executive officers and their affiliates and other third parties owned a direct or indirect interest (the "Prior Investors"). In connection with the acquisition of these Ownership Entities, the Operating Partnership entered into (1) contribution agreements with these Prior Investors, pursuant to which they contributed their interests in the Ownership Entities to the Operating Partnership and/or (2) purchase and sale agreements with the Ownership Entities. The Prior Investors, including Mr. Wheeler and his affiliates, certain of our other directors and executive officers and their affiliates, received cash and/or common units in exchange for their interests in the Ownership Entities. The value of the consideration paid to each of the Prior Investors in the Ownership Entities, in each case, was based upon the terms of the applicable contribution agreements and/or purchase and sale agreements. The purchase price paid for these properties was determined by analyzing factors such as, but not limited to, net operating income, fair market capitalization rates, leverage, occupancy rates, anchor tenant credit and alternative uses of capital. In some instances, we did not obtain independent third-party appraisals before purchasing such properties.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
Wheeler Real Estate Investment Trust, Inc. and Subsidiaries
Virginia Beach, Virginia

We have audited the accompanying consolidated balance sheets of Wheeler Real Estate Investment Trust, Inc. and Subsidiaries (the "Company") as of December 31, 2014 and 2013 and the related consolidated statements of operations, equity and cash flows for each of the years in the two-year period ended December 31, 2014. In connection with our audits of the consolidated financial statements, we have also audited the financial statement schedules as listed in the accompanying index. The Company's management is responsible for these consolidated financial statements and the financial statement schedules. Our responsibility is to express an opinion on these consolidated financial statements and financial statement schedules based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Wheeler Real Estate Investment Trust, Inc. and Subsidiaries as of December 31, 2014 and 2013 and the results of their operations and their cash flows for each of the years in the two-year period ended December 31, 2014, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the related financial statement schedules, when considered in relation to the basic consolidated financial statements taken as a whole, present fairly, in all material respects, the information set forth therein.

Notes to Consolidated Financial Statements

1. Organization and Basis of Presentation and Consolidation

Wheeler Real Estate Investment Trust, Inc. (the “Trust” or “REIT”) is a Maryland corporation formed on June 23, 2011. The Trust serves as the general partner of Wheeler Real Estate Investment Trust, L.P. (the “Operating Partnership”) which was formed as a Virginia limited partnership on April 5, 2012. As of December 31, 2014, the Trust, through the Operating Partnership, owned and operated thirty-one centers and five undeveloped properties in Virginia, North Carolina, South Carolina, Georgia, Florida, Oklahoma, Tennessee, Kentucky and New Jersey. Accordingly, the use of the word “Company” refers to the Trust and its consolidated subsidiaries, except where the context otherwise requires. The Company includes the Trust, the Operating Partnership, the entities included in the REIT formation and the entities acquired since November 2012 (See Note 3 “Investment Properties”). The Company prepared the accompanying consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, or GAAP. All material balances and transactions between the consolidated entities of the Company have been eliminated.

The Company was formed with the principle objective of acquiring, financing, developing, leasing, owning and managing income producing, strip centers, neighborhood, grocery-anchored, community and free-standing retail properties. Its strategy is to acquire high quality, well-located, dominant retail properties that generate attractive risk-adjusted returns. The Company targets competitively protected properties in communities that have stable demographics and have historically exhibited favorable trends, such as strong population and income growth. The Company considers competitively protected properties to be located in the most prominent shopping districts in their respective markets, ideally situated at major “Main and Main” intersections. The Company generally leases its properties to national and regional supermarket chains and selects retailers that offer necessity and value oriented items and generate regular consumer traffic. The Company’s tenants carry goods that are less impacted by fluctuations in the broader U.S. economy and consumers’ disposable income, which it believes generates more predictable property-level cash flows.

The Company’s portfolio had total net rentable space of approximately 1,904,000 square feet and an occupancy level of approximately 96% at December 31, 2014. The Company’s portfolio is comprised of twenty-four retail shopping centers, six free-standing retail properties, one office building and five undeveloped land parcels. Nine of these properties are located in Virginia, two are located in Florida, three are located in North Carolina, eight are located in South Carolina, three are located in Georgia, two are located in Kentucky, two are located in Tennessee, one is located in New Jersey, and six are located in Oklahoma.

On October 24, 2014, the Trust, through the Operating Partnership, acquired (i) Wheeler Interests, LLC (“WI”), an acquisition and asset management firm, (ii) Wheeler Real Estate (“WRE”), LLC, a real estate leasing, management and administration firm and (iii) WHLR Management, LLC (“WM” and collectively with WI and WRE the “Operating Companies”), a real estate business operations firm, resulting in the Company becoming an internally-managed REIT. Accordingly, the responsibility for identifying targeted real estate investments, the handling of the disposition of real estate investments our board of directors chooses to sell, administering our day-to-day business operations, including but not limited to, leasing, property management, payroll and accounting functions, acquisitions, asset management and administration are now handled internally.

Prior to being acquired by the Company, the Operating Companies served as the external manager for the Company and its properties (the “REIT Properties”) and performed property management and leasing functions for certain related and non-related third parties (the “Non-REIT Properties”). The Company will continue to perform these services for the Non-REIT Properties through the Operating Companies, primarily through WRE. Accordingly, the Company converted WRE to a Taxable REIT Subsidiary (“TRS”) to accommodate serving the Non-REIT Properties since applicable REIT regulations consider the income derived from these services to be “bad” income subject to taxation. The regulations allow for costs incurred by the Company commensurate with the services performed for the Non-REIT Properties to be allocated to a TRS.

During January 2014, the Company acquired Wheeler Development, LLC (“WD”) and converted it to a TRS. While there has been no development activity to date, the Company expects to perform development activities for both REIT Properties and Non-REIT Properties during 2015.

2. Summary of Significant Accounting Policies

Investment Properties

The Company records investment properties and related intangibles at cost or fair value upon acquisition less accumulated depreciation and amortization. Investment properties include both acquired and constructed assets. Improvements and major repairs and maintenance are capitalized when the repair and maintenance substantially extends the useful life, increases capacity or improves the efficiency of the asset. All other repair and maintenance costs are expensed as incurred. The Company capitalizes interest on projects during periods of construction until the projects reach the completion point that corresponds with their intended purpose.

The Company allocates the purchase price of acquisitions to the various components of the acquisition based upon the fair value of each component which may be derived from various observable or unobservable inputs and assumptions. Also, the Company may utilize third party valuation specialists. These components typically include buildings, land and any intangible assets related to out-of-market leases and in-place leases the Company determines to exist. The Company determines fair value based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information. Estimates of future cash flows are based on a number of factors including the historical operating results, known trends and specific market and economic conditions that may affect the property. Factors considered by management in the analysis of determining the as-if-vacant property value include an estimate of carrying costs during the expected lease-up periods considering market conditions, and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance and estimates of lost rentals at market rates during the expected lease-up periods, tenant demand and other economic conditions. Management also estimates costs to execute similar leases including leasing commissions, tenant improvements, legal and other related expenses. Intangibles related to out-of-market leases and in-place lease value are recorded as acquired lease intangibles and are amortized as an adjustment to rental revenue or amortization expense, as appropriate, over the remaining terms of the underlying leases. Premiums or discounts on acquired out-of-market debt are amortized to interest expense over the remaining term of such debt.

The Company records depreciation on buildings and improvements utilizing the straight-line method over the estimated useful life of the asset, generally 5 to 40 years. The Company reviews depreciable lives of investment properties periodically and makes adjustments to reflect a shorter economic life, when necessary. Tenant allowances, tenant inducements and tenant improvements are amortized utilizing the straight-line method over the term of the related lease or occupancy term of the tenant, if shorter.

Amounts allocated to buildings are depreciated over the estimated remaining life of the acquired building or related improvements. The Company amortizes amounts allocated to tenant improvements, in-place lease assets and other lease-related intangibles over the remaining life of the underlying leases. The Company also estimates the value of other acquired intangible assets, if any, and amortizes them over the remaining life of the underlying related intangibles.

The Company reviews investment properties for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of investment properties may not be recoverable, but at least annually. These circumstances include, but are not limited to, declines in the property's cash flows, occupancy and fair market value. The Company measures any impairment of investment property when the estimated undiscounted operating income before depreciation and amortization, plus its residual value, is less than the carrying value of the property. To the extent impairment has occurred, the Company charges to income the excess of the carrying value of the property over its estimated fair value. The Company estimates fair value using unobservable data such as operating income, estimated capitalization rates, or multiples, leasing prospects and local market information. The Company may decide to sell properties that are held for use and the sale prices of these properties may differ from their carrying values. The Company did not record any impairment adjustments to its properties during the years ended December 31, 2014 and 2013.

Conditional Asset Retirement Obligation

A conditional asset retirement obligation represents a legal obligation to perform an asset retirement activity in which the timing and/or method of settlement depends on a future event that may or may not be with the Company's control. Currently, the Company does not have any conditional asset retirement obligations. However, any such obligations identified in the future would result in the Company recording a liability if the fair value of the obligation can be reasonably estimated. Environmental studies conducted at the time the Company acquired its properties did not reveal any material environmental

Wheeler Real Estate Investment Trust, Inc. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

2. Summary of Significant Accounting Policies (continued)

liabilities, and the Company is unaware of any subsequent environmental matters that would have created a material liability. The Company believes that its properties are currently in material compliance with applicable environmental, as well as non-environmental, statutory and regulatory requirements. The Company did not record any conditional asset retirement obligation liabilities during the years ended December 31, 2014 and 2013.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of 90 days or less to be cash and cash equivalents. Cash equivalents are carried at cost, which approximates fair value. Cash equivalents consist primarily of bank operating accounts and money markets. Financial instruments that potentially subject the Company to concentrations of credit risk include its cash and cash equivalents and its trade accounts receivable. The Company places its cash and cash equivalents with institutions of high credit quality.

The Company places its cash and cash equivalents on deposit with financial institutions in the United States. Beginning December 31, 2010, through December 31, 2013, all noninterest-bearing transaction accounts were fully insured by the Federal Deposit Insurance Company ("FDIC"), regardless of the balance of the account, at all FDIC-insured institutions. However, this provision expired on December 31, 2013 and beginning January 1, 2013 noninterest-bearing deposits now receive the same \$250,000 insurance coverage provided to a depositor's other deposit accounts held at an FDIC-insured institution. As of December 31, 2014 and 2013, the Company had cash balances that exceeded the FDIC coverage, but management believes that the risk of loss is minimal.

Tenant Receivables and Unbilled Rent

Tenant receivables include base rents, tenant reimbursements and receivables attributable to recording rents on a straight-line basis. The Company determines an allowance for the uncollectible portion of accrued rents and accounts receivable based upon customer credit-worthiness (including expected recovery of a claim with respect to any tenants in bankruptcy), historical bad debt levels, and current economic trends. The Company considers a receivable past due once it becomes delinquent per the terms of the lease. The Company's standard lease form considers a rent charge past due after five days. A past due receivable triggers certain events such as notices, fees and other allowable and required actions per the lease. As of December 31, 2014 and 2013, the Company's allowance for uncollectible accounts totaled \$186,517 and \$182,078, respectively. During the years ended December 31, 2014 and 2013, the Company recorded bad debt expenses in the amount of \$60,841 and \$106,828, respectively, related to tenant receivables that were specifically identified as potentially uncollectible based on the an assessment of the tenant's credit-worthiness. During the years ended December 31, 2014 and 2013, the Company did not realize any recoveries related to tenant receivables previously charged off.

Deferred Costs and Other Assets

The Company's deferred costs and other assets consist primarily of internal and external leasing commissions, fees incurred in order to obtain long-term financing, capitalized legal and marketing costs and tenant relationship intangibles associated with acquisitions, and various property escrow accounts for real estate taxes, insurance and tenant improvements and replacements. The Company records amortization of financing costs using the effective interest method over the terms of the respective loans or agreements. The Company's lease origination costs consist primarily of the portion of property acquisitions allocated to lease originations and commissions paid in connection with lease originations.

Notes to Consolidated Financial Statements (Continued)

2. Summary of Significant Accounting Policies (continued)

The Company generally records amortization of lease origination costs on a straight-line basis over the terms of the related leases. Details of these deferred costs, net of amortization and other assets are as follows:

Amortization of lease origination costs, in place leases, legal and marketing costs and tenant relationships represent a component of depreciation and amortization expense. The Company reports amortization of financing costs, amortization of premiums and accretion of discounts as part of interest expense. The Company accounts for in place lease assets as a component of the investment properties' cost basis (See Note 3 "Investment Properties"). Future amortization of lease origination costs, leases in place, financing costs, legal and marketing costs and tenant relationships is as follows:

For the Years Ended December 31,	Lease Origination Costs	Leases In Place	Financing Costs	Legal & Marketing Costs	Tenant Relationships

Revenue Recognition

The Company retains substantially all of the risks and benefits of ownership of the investment properties and accounts for its leases as operating leases. The Company accrues minimum rents on a straight-line basis over the terms of the respective leases which results in an unbilled rent asset or deferred rent liability being recorded on the balance sheet. Additionally, certain of the lease agreements contain provisions that grant additional rents based on tenants' sales volumes (contingent or percentage rent). Percentage rents are recognized when the tenants achieve the specified targets as defined in their lease agreements. During the years ended December 31, 2014 and 2013, the Company recognized percentage rents of \$90,437 and \$15,472, respectively.

The Company's leases generally require the tenant to reimburse the Company for a substantial portion of its expenses incurred in operating, maintaining, repairing, insuring and managing the shopping center and common areas (collectively defined as Common Area Maintenance or "CAM" expenses). The Company includes these reimbursements, along with other revenue derived from late fees and seasonal events, under the Consolidated Statement of Operations caption "Tenant reimbursements and other revenues." This significantly reduces the Company's exposure to increases in costs and operating expenses resulting from inflation or other outside factors. The Company accrues reimbursements from tenants for recoverable portions of all these expenses as revenue in the period the applicable expenditures are incurred. The Company calculates the tenant's share of operating costs by multiplying the total amount of the operating costs by a fraction, the numerator of which is the total number of square feet being leased by the tenant, and the denominator of which is the average total square footage of all leasable buildings in the property. The Company also receives escrow payments for these reimbursements from substantially

all its tenants throughout the year. The Company recognizes differences between estimated recoveries and the final billed amounts in the subsequent year. These differences were not material for the years ended December 31, 2014 and 2013.

The Company recognizes lease termination fees in the period that the lease is terminated and collection of the fees is reasonably assured. Upon early lease termination, the Company provides for losses related to unrecovered intangibles and other assets. The Company did not recognize any lease termination fees during the years ended December 31, 2014 and 2013.

Income Taxes

The Company has elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code and applicable Treasury regulations relating to REIT qualification. In order to maintain this REIT status, the regulations require the Company to distribute at least 90% of its taxable income to stockholders and meet certain other asset and income tests, as well as other requirements. The Company made no provision for federal income taxes for the REIT in the accompanying consolidated financial statements. If the Company fails to qualify as a REIT, it will be subject to tax at regular corporate rates for the years in which it fails to qualify. If the Company loses its REIT status it could not elect to be taxed as a REIT for five years unless the Company's failure to qualify was due to reasonable cause and certain other conditions were satisfied.

Management has evaluated the effect of the guidance provided by GAAP on *Accounting for Uncertainty of Income Taxes* and has determined that the Company had no uncertain income tax positions that could have a significant effect on the financial statements for the years ended December 31, 2014 and 2013.

As the REIT was formed in November 2012, it is subject to examination by the Internal Revenue Service and state tax authorities from the date of formation.

Taxable REIT Subsidiary Cost Allocation

The Company's overall philosophy regarding cost allocation centers around the premise that WHLR exists to acquire, lease and manage properties for the benefit of its investors. Accordingly, a majority of the Company's operations occur at the property level. Each property must carry its own weight by absorbing the costs associated with generating its revenues. Additionally, leases generally allow the Company to pass through to the tenant most of the costs involved in operating the property, including, but not limited to, the direct costs associated with owning and maintaining the property (landscaping, repairs and maintenance, taxes, insurance, etc.), property management and certain administrative costs.

Service vendors bill the majority of the direct costs of operating the properties directly to the REIT Properties and Non-REIT Properties and each property pays them accordingly. The Non-REIT Properties pay WRE property management and/or asset management fees of 3% and 2% of collected revenues, respectively. The Non-REIT Properties also pay WRE leasing commissions based on the total contractual revenues to be generated under the new/renewed lease agreement (6% for new leases and 3% for renewals).

Compensation and benefits paid to employees of the Company represent the largest component of costs incurred to acquire, manage, lease and administer the properties. The Company believes that every employee position exists to either directly or indirectly to perform these functions. Therefore, the Company allocates compensation and benefits to the various functions of the Company based on an estimate of how each employee spends their time. The Company allocates actual costs attributed to property management costs to the TRS on a pro rata basis based on total property revenues generated by the Non-REIT Properties. The Company allocates actual leasing costs to the TRS on a pro rata basis based on total leasing commissions generated by the Non-REIT Properties. Currently, the TRS does not acquire properties for third parties so the Company does not allocate acquisition related costs to the TRS.

Financial Instruments

The carrying amount of financial instruments included in assets and liabilities approximates fair market value due to their immediate or short-term maturity.

Use of Estimates

The Company has made estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reported period. The Company's actual results could differ from these estimates.

Advertising Costs

The Company expenses advertising and promotion costs as incurred. The Company incurred advertising and promotion costs of \$184,227 and \$49,110 for the years ended December 31, 2014 and 2013, respectively.

Noncontrolling Interests

Noncontrolling interests is the portion of equity in the Operating Partnership not attributable to the Trust. The ownership interests not held by the parent are considered noncontrolling interests. Accordingly, noncontrolling interests have been reported in equity on the consolidated balance sheets but separate from the Company's equity. On the consolidated statements of operations, the subsidiaries are reported at the consolidated amount, including both the amount attributable to the Company and noncontrolling interests. Consolidated statements of changes in equity include beginning balances, activity for the period and ending balances for shareholders' equity, noncontrolling interests and total equity.

The noncontrolling interest of the Operating Partnership common unit holders is calculated by multiplying the noncontrolling interest ownership percentage at the balance sheet date by the Operating Partnership's net assets (total assets less total liabilities). The noncontrolling interest percentage is calculated at any point in time by dividing the number of units not owned by the Company by the total number of units outstanding. The noncontrolling interest ownership percentage will change as additional units are issued or as units are exchanged for the Company's Common Stock. In accordance with GAAP, any changes in the value from period to period are charged to additional paid-in capital.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, "Revenue from Contracts with Customers," which supersedes the revenue recognition requirements of Accounting Standards Codification ("ASC") Topic 605, "Revenue Recognition" and most industry-specific guidance on revenue recognition throughout the ASC. The new standard is principles based and provides a five step model to determine when and how revenue is recognized. The core principle of the new standard is that revenue should be recognized when a company transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The new standard also requires disclosure of qualitative and quantitative information surrounding the amount, nature, timing and uncertainty of revenues and cash flows arising from contracts with

customers. The new standard is effective for the Company in the first quarter of the year ended December 31, 2017 and can be applied either retrospectively to all periods presented or as a cumulative-effect adjustment as of the date of adoption. Early adoption is not permitted. The Company is currently evaluating the impact of adoption of the new standard on its consolidated financial statements.

In August 2014, the FASB issued ASU 2014-15, "Presentation of Financial Statements - Going Concern (Subtopic 205-40)." This ASU defines management's responsibility to evaluate whether there is substantial doubt about an organization's ability to continue as a going concern and provides guidance on required financial statement footnote disclosures. This ASU is effective for annual periods ending after December 15, 2016. The Company will adopt the ASU in 2016.

Other accounting standards that have been issued or proposed by the FASB or other standard-setting bodies are not currently applicable to the Company or are not expected to have a significant impact on the Company's financial position, results of operations and cash flows.

3. Investment Properties

Investment properties consist of the following:

	December 31,	
	2014	2013
Land	\$ 37,195,616	\$ 26,828,228
Land held for development	6,846,918	—
Buildings and improvements	116,584,868	80,003,805
Investment properties at cost	160,627,402	106,832,033

Investment properties, net	<u>\$ 152,250,986</u>	<u>\$ 101,772,335</u>

The Company's depreciation expense on investment properties was \$3,316,718 and \$1,768,142 for the years ended December 31, 2014 and 2013, respectively.

All of the Company's land, buildings and improvements serve as collateral for its mortgage loans payable portfolio. Accordingly, restrictions exist as to each property's transferability, use and other common rights typically associated with property ownership.

Property Acquisitions

2013 Acquisitions

On June 11, 2013, the Company completed its acquisition of a 75,000 square foot, 100% leased free-standing grocery store located in the Bixby Commons Shopping Center in Bixby, Oklahoma ("Bixby Commons") for a purchase price of approximately \$10.6 million. The property is stabilized by a 20-year, triple-net lease expiring in 2032 with Associated Wholesale Grocers, Inc., ("Associated"), a retailer-owned cooperative serving over 1,900 retail member stores with a complete assortment of grocery and general merchandise items. Associated subleases the property to Reasor's Foods under a similar lease arrangement.

On August 26, 2013, the Company completed its acquisition of Tampa Festival Shopping Center, a 137,987 square foot grocery-anchored shopping center located in Tampa, Florida ("Tampa Festival") for a purchase price of approximately \$11.85 million. The property is 100% occupied and is anchored by a Winn Dixie grocery store which occupies approximately 32% of the total rentable square feet of the center through a 20-year lease expiring in June 2018 with four five-year options available.

On August 29, 2013, the Company completed its acquisition of Forrest Gallery Shopping Center, a 214,451 square foot shopping center located in Tullahoma, Tennessee ("Forrest Gallery") for a purchase price of approximately \$11.50 million. The property is 91% occupied and is anchored by a 48,780 square foot Kroger grocery store under a 20 year lease that is currently in its second five year option which expires in January 2018 with four five-year options remaining.

3. Investment Properties (continued)

On September 25, 2013, the Company completed its acquisition of Reasor’s Jenks Shopping Center, an 81,000 square foot shopping center located in Jenks, Oklahoma (“Jenks Reasors”) for a purchase price of approximately \$11.4 million. The property is 100% occupied by a Reasor’s Foods grocery store under a 20 year, triple-net operating lease expiring in 2033.

On October 21, 2013, the Company completed the acquisition of the Starbucks/Verizon building located in the Fairfield Shopping Center in Virginia Beach, Virginia for a purchase price of approximately \$1.39 million. The property is a 5,600 square foot 100% leased free-standing building that was significantly renovated during 2012 to accommodate a Starbucks coffeehouse and a Verizon Wireless store. The Starbucks coffeehouse occupies approximately 2,165 square feet of the building under a 10 year lease expiring in 2023 with three renewal options available. The Verizon Wireless store occupies approximately 3,435 square feet of the building under a 10 year lease expiring in 2022 with three renewal options available. The property is subject to a 10 year ground lease with Fairfield Shopping Center, a related party, expiring in 2022. The Company acquired the property from a related party by issuing 169,613 common units in the Operating Partnership to the limited partners and the assumption of outstanding debt.

On December 17, 2013, the Company completed its acquisition of Jenks Plaza, a 7,800 square foot shopping center located in Jenks, Oklahoma (“Jenks Plaza”) for a purchase price of approximately \$1.75 million. The property is 100% occupied by 5 primarily retail and restaurant tenants, under leases expiring through October 2017.

On December 19, 2013, the Company completed its acquisition of Winslow Plaza, a 40,695 square foot shopping center located in Sicklerville, New Jersey (“Winslow Plaza”) for a purchase price of approximately \$6.61 million. The property is 91.2% occupied by 15 primarily retail and restaurant tenants, and is anchored by King’s Liquors, which is leased through August 2017.

On December 23, 2013, the Company completed its acquisition of Clover Plaza, St. George Square, South Square, Waterway Plaza and Westland Square (collectively the “Food Lions”) for an aggregate purchase price of approximately \$15.85 million. Collectively, the Food Lions total 261,689 square feet in leaseable space, and are 89.5% occupied by 34 primarily retail and restaurant tenants, and each center is anchored by a Food Lion grocery store.

The Company incurred approximately \$2,855,946 in acquisition costs for these acquisitions. These costs are included on the consolidated statement of operations under the caption “Corporate general & administrative.”

The following summarizes the consideration paid and the fair values of assets acquired and liabilities assumed in conjunction with the acquisitions described above, along with a description of the methods used to determine fair value. In determining fair values, the Company considered many factors including, but not limited to, cash flows, market cap rates, location, occupancy rates, appraisals, other acquisitions and management’s knowledge of the current acquisition market for similar properties.

- a. Represents the fair value of the net investment properties acquired which includes land, buildings, site improvements and tenant improvements. The fair value was estimated using following approaches:
- i. the market approach valuation methodology for land by considering similar transactions in the markets;
 - ii. a combination of the cost approach and income approach valuation methodologies for buildings, including replacement cost evaluations, “go dark” analyses and residual calculations incorporating the land values; and
 - iii. the cost approach valuation methodology for site and tenant improvements, including replacement costs and prevailing quoted market rates.
- b. Represents the fair value of lease intangibles and other assets. Lease intangibles include leasing commissions, in place leases, legal and marketing fees and tenant relationships associated with replacing existing leases. The income approach was used to determine the fair value of these intangible assets which included estimated market rates and expenses. It was determined that carrying value approximated fair value for other asset amounts.
- c. Represents the estimated fair value of above/below market leases. The income approach was used to determine the fair value of above/below market leases using market rental rates for similar properties.
- d. Represents the components of purchase consideration paid.

a. Represents the preliminary estimated fair value of the net investment properties acquired which includes land, buildings, site improvements and tenant improvements. The fair value was determined using following approaches:

- i. the market approach valuation methodology for land by considering similar transactions in the markets;

Wheeler Real Estate Investment Trust, Inc. and Subsidiaries
Notes to Consolidated Financial Statements (Continued)

3. Investment Properties (continued)

- ii. a combination of the cost approach and income approach valuation methodologies for buildings, including replacement cost evaluations, “go dark” analyses and residual calculations incorporating the land values; and
 - iii. the cost approach valuation methodology for site and tenant improvements, including replacement costs and prevailing quoted market rates.
- b. Represents the preliminary estimated fair value of lease intangibles and other assets. Lease intangibles include leasing commissions, in place leases and legal and marketing fees associated with replacing existing leases. The income approach was used to determine the fair value of these intangible assets which included estimated market rates and expenses. It was determined that carrying value approximated fair value for other asset amounts. Any remaining value which could not be allocated to identifiable intangibles was allocated to goodwill. Goodwill recognized from the acquisition represents, among other things, the future economic benefits arising from expected synergies and is consistent with the Company's stated intentions to become an internally managed REIT. The acquired goodwill is fully deductible for income tax purposes.
- c. Represents the preliminary estimated fair value of accounts payable, accrued expenses and other liabilities. It was determined that carrying value approximated fair value for all amounts in these categories.
- d. Represents the preliminary estimated fair value of above/below market leases. The income approach was used to determine the fair value of above/below market leases using market rental rates for similar properties.
- e. Represents the components of purchase consideration paid.

2013 Financing Activity

On March 11, 2013, the Company entered into a promissory note for \$4.0 million to refinance the Shoppes at Eagle Harbor loan that matured in February 2013. The new loan matures on March 11, 2018 and requires monthly principal and interest payments based on a 20-year amortization and a 4.34% fixed interest rate.

The Riversedge North loan matured on April 16, 2013, and was extended until January 2014. On January 16, 2014, the loan was renewed until January 16, 2019. The loan requires monthly principal and interest payments based on a 15 year amortization with a fixed interest rate of 6.00%.

On April 19, 2013, we entered in a promissory note for \$6.5 million to refinance the Shoppes at TJ Maxx loan that matured. The new loan matures on May 1, 2020 and requires monthly principal and interest payments based on a 25-year amortization and a 3.88% fixed interest rate.

On June 3, 2013, the Company entered into a promissory note with Monarch Bank for a \$2,000,000 line of credit. The line of credit matured on May 12, 2014, provided for an interest rate of 4.5% per annum and was guaranteed by a Deed of Trust and Assignment of Rents on real property. This line of credit was paid off on September 16, 2014.

On December 16, 2013, the Company completed a \$10.0 million private placement transaction with eight accredited investors (the "Buyers"). Pursuant to the securities purchase agreement, dated as of December 16, 2013 (the "December 2013 Securities Purchase Agreement"), the Company sold convertible and nonconvertible 9% senior notes and warrants to purchase shares of its common stock totaling \$10.0 million dollars. The Company completed the financings in two concurrent tranches. The first tranche consisted of \$6.0 million in convertible senior notes due December 15, 2018. During the first two years, the convertible notes will only be available for conversion upon the completion of a secondary offering of common stock in excess of \$20 million at a conversion rate of the lesser of 95% of the secondary offering's per share price or \$5.50. After two years, holders of the convertible notes can convert at their discretion at a conversion rate of the lesser of 90% of the market price of the Company's stock or \$5.50. The maximum number of shares of stock issuable upon conversion of the convertible notes is 1,417,079 shares.

The second tranche consisted of \$4.0 million in nonconvertible senior notes due December 15, 2015. In addition to the non-convertible notes, the Company issued 421,053 warrants with an exercise price of \$4.75.

2014 Financing Activity

On January 31, 2014, the Company completed a second closing ("Second Closing") consisting of the private placement of \$2.16 million of non-convertible senior notes and warrants to purchase shares of the Company's common stock. The non-convertible senior notes have an interest rate of 9.00% per annum (payable monthly) and mature on January 31, 2016. The warrants issued permit the purchase of an aggregate of 227,372 shares of the Company's common stock, have an exercise price of \$4.75 per share, expire on January 31, 2019 and, along with the warrants issued in the first closing on December 16, 2013, were not exercisable unless the Company obtained shareholder approval for this transaction and the issuance of the common stock underlying the warrants. The Company's shareholders approved the transaction and the issuance of the common stock underlying the warrants at its annual meeting in June 2014.

In connection with the private placement transaction, the Company and the Buyers entered into a Registration Rights Agreement, dated as of December 16, 2013 (the "December 2013 Registration Rights Agreement"). Pursuant to the December 2013 Registration Rights Agreement, the Company agreed to file and maintain a registration statement with the Securities and Exchange Commission for the resale of the shares of common stock underlying the convertible notes and the warrants. Interest on the convertible and nonconvertible senior notes of 9% per annum will be payable monthly.

On July 2, 2014, the Company entered into a promissory note for \$660,000 to refinance the Starbucks/Verizon loan. The new loan matures on July 2, 2019 and requires monthly principal and interest payments of \$4,383 based on a 20 year amortization and a 5.00% fixed interest rate.

The Walnut Hill loan matured on April 11, 2014, and was subsequently extended until July 31, 2014. On July 31, 2014, the Company entered into a promissory note for \$3,650,000 to refinance the note that matured. The new loan matures on

4. Loans Payable (continued)

July 30, 2017 and requires monthly principal and interest payments of \$24,273 based on a 20 year amortization and a 5.50% fixed interest rate.

On September 16, 2014, the Company entered into a promissory note for a \$3,000,000 line of credit. The line of credit matures on September 16, 2015, provides for an interest rate of 4.25% per annum and is guaranteed by a Deed of Trust and Assignment of Rents on real property. Concurrently with this transaction, the Company paid off its \$2,000,000 line of credit with Monarch Bank.

Certain of the Company's loans payable have covenants with which the Company is required to comply. As of December 31, 2014, the Company believes it is in compliance with all applicable covenants.

Debt Maturity

The Company's scheduled principal repayments on indebtedness as of December 31, 2014 are as follows:

	For the Years Ended December 31,

6. Equity

The Company has authority to issue 80,000,000 shares of stock, consisting of 75,000,000 shares of \$0.01 par value Common Stock ("Common Stock") and 5,000,000 shares of no par value Preferred Stock ("Preferred Stock"). The Company increased the number of shares of Common Stock authorized from 15,000,000 to 75,000,000 during June 2013.

Substantially all of our business is conducted through the Company's Operating Partnership. The Trust is the sole general partner of the Operating Partnership and owned a 78.44% interest in the Operating Partnership as of December 31, 2014. Limited partners in the Operating Partnership have the right to convert their common units into cash or, at our option, common shares at a ratio of one common unit for one common share. Distributions to common unit holders are paid at the same rate per unit as dividends per share to the Trust's common shareholders. As of December 31, 2014 and 2013, there were 16,548,873 and 10,304,202, respectively, of common units outstanding with the Trust owning 12,981,250 and 8,231,850, respectively, of these common units.

6. Equity (continued)***June 2013 private placement***

On June 10, 2013, the Company completed a \$4.5 million private placement transaction with 21 accredited investors (the "Buyers"). Pursuant to the Securities Purchase Agreement, dated as of June 10, 2013 (the "June 2013 Securities Purchase Agreement"), the Company issued an aggregate of 4,500 shares of Series A Preferred Stock ("Series A Preferred") to the Buyers. The Series A Preferred accrues cumulative dividends at a rate of 9% per annum, which is paid quarterly. In accordance with the June 2013 Securities Purchase Agreement, 2,691 shares of Series A Preferred converted automatically into 656,998 shares of the Company's Common Stock upon the August 26, 2013 completion of the Company's secondary offering ("Secondary Offering") at a price equal to \$4.085 per share, or 95% of the \$4.30 per share price at which the Common Stock was sold in the Offering (the "Primary Conversion").

The Company has the right to redeem the remaining 1,809 shares of Series A Preferred, on a pro rata basis, at any time at a price equal to 103% of the purchase price for the Series A Preferred plus any accrued but unpaid dividends. Since the Series A Preferred features certain redemption rights that were considered by the Company to be outside of the Company's control and subject to the occurrence of uncertain future events, the initial Series A Preferred amount of \$4,157,000 was previously presented as a liability in the Company's consolidated balance sheet. Upon completion of the Primary Conversion, the remaining Series A Preferred was reclassified to the shareholders' equity section of the Company's consolidated balance sheet, since the Series A Preferred no longer possessed the redemption features previously considered outside the Company's control.

In connection with the investment, the Company and the Buyers entered into a Registration Rights Agreement, dated as of June 10, 2013 (the "June 2013 Registration Rights Agreement"). Pursuant to the June 2013 Registration Rights Agreement, the Company agreed to file and maintain a registration statement with the Securities and Exchange Commission for the resale of the Common Stock underlying the Series A Preferred acquired by the Buyers. The 656,998 shares were registered on September 23, 2013.

August 2013 secondary offering

On August 26, 2013, the Company completed the Secondary Offering in which 3,162,500 shares of the Company's Common Stock were issued, including 412,500 in over-allotment shares issued on September 13, 2013. Net proceeds from the Secondary Offering totaled \$12,720,275, excluding the impact of certain legal, accounting and other professional fees. The Company used a portion of these proceeds to fund the acquisitions discussed in Note 3 and for general corporate purposes.

December 2013 private placement

In association with the December 2013 Securities Purchase Agreement, the Company issued 421,053 warrants to acquire the Company's Common Stock with an exercise price of \$4.75. The Company has determined that the warrants qualify for equity treatment under applicable GAAP.

2014 Series B Preferred Stock Offerings

On April 29, 2014, the Company completed its Series B Preferred Stock Offering ("Series B Offering"), in which 144,000 units were issued, consisting of 720,000 shares of Series B Preferred Stock (the "Series B Preferred") and warrants to purchase 864,000 of the Company's Common Stock. On May 21, 2014, the Company's underwriters exercised their over-allotment option, in which 21,600 units were issued, consisting of 108,000 additional shares of Series B Preferred Stock, and an additional 129,600 warrants. The Series B Preferred bears interest at a rate of 9% per annum and has a conversion price of \$5.00 per share of Common Stock. The Series B Preferred will automatically convert into shares of the Company's Common Stock if the 20-day volume weighted adjusted closing price of the Company's Common Stock exceeds \$7.25 per share on the NASDAQ Capital Market. Each warrant permits investors to purchase one share of Common Stock at an exercise price of \$5.50 per share, subject to adjustment. Net proceeds from the Series B Offering totaled \$18,671,378, which includes the impact of the underwriters' selling commissions and legal, accounting and other professional fees. Proceeds from the Series B Offering were used for acquisitions and for general corporate purposes.

On September 17, 2014, the Company completed a follow-on Series B Preferred Stock Offering ("Follow-on Offering"), in which 144,000 units were issued, consisting of 720,000 shares of Series B Preferred and warrants to purchase 864,000 shares of the Company's Common Stock. On September 23, 2014, the Company's underwriters exercised their over-allotment option, in which 20,200 units were issued, consisting of 101,000 additional shares of Series B Preferred, and an

additional 129,000 warrants. Net proceeds from the Follow-on Offering totaled \$18,571,563, which includes the impact of the underwriters' selling commissions and legal, accounting and other professional fees. Proceeds from the Follow-on Offering were used for acquisitions and for general corporate purposes.

On April 24, 2014, in contemplation of the Series B Offering, the Company increased the number of preferred shares authorized from 500,000 to 5,000,000, and authorized 1,000,000 shares of Series B Preferred for the Offering. On August 19, 2014, the number of Series B Preferred authorized was increased from 1,000,000 to 3,000,000 in contemplation of the Follow-on Offering.

Equity Issuances under Share Incentive Plan

In November 2012, the Company's Board of Directors approved the Share Incentive Plan ("Share Incentive Plan"). The Share Incentive Plan allows for up to 500,000 shares of Common Stock to be issued as compensation. During the year ended December 31, 2014, the Company issued 105,834 shares to employees, directors, officers and consultants for services rendered to the Company. The market value of these shares at the time of issuance was approximately \$456,988. As of December 31, 2014, there are 394,166 shares available for issuance under the Company's Share Incentive Plan.

Earnings per share

Basic earnings per share for the Company's common shareholders is calculated by dividing income from continuing operations, excluding amounts attributable to preferred stockholders and the net loss attributable to noncontrolling interests, by the Company's weighted-average shares of common stock outstanding during the period. Diluted earnings per share is computed by dividing the net income attributable to common shareholders, excluding amounts attributable to preferred shareholders and the net loss attributable to noncontrolling interests, by the weighted-average number of common shares including any dilutive shares.

As of December 31, 2014, 1,787,798 of the Operating Partnership's common units outstanding to noncontrolling interests are eligible to be converted into shares of Common Stock on a one-to-one basis. Additionally, 1,648,900 shares of Series B Preferred and \$6,000,000 of senior convertible debt are eligible to be converted into 9,661,579 shares of the Company's Common Stock and warrants to purchase 2,635,025 shares of the Company's Common Stock were outstanding at December 31, 2014. The common units, convertible preferred stock, senior convertible debt and warrants have been excluded from the Company's diluted earnings per share calculation because their inclusion would be antidilutive.

Dividends

Dividends were made to holders of common units, common shares and preferred shares as follows:

	Years Ended December 31,	
	2014	2013
Common unit and common shareholders	\$ 4,089,057	\$ 2,853,243
Preferred shareholders	\$ 2,718,257	\$ 141,418

On December 31, 2014, the Company declared a \$0.035 per share dividend to common share and common unit holders of record as of December 31, 2014 to be paid on January 31, 2015. Accordingly, the Company has accrued \$387,909 as of December 31, 2014 for this dividend.

On December 31, 2014, the Company declared a quarterly dividend to preferred shareholders of \$968,209 to shareholders of record as of December 31, 2014 to be paid on January 15, 2015. Accordingly, the Company has accrued \$968,209 as of December 31, 2014 for this dividend.

7. Commitments and Contingencies

Lease Commitments

As of December 31, 2014, the Amscot property is subject to a ground lease which terminates in 2045. The ground lease requires the Company to make a fixed annual rental payment and includes escalation clauses and renewal options. The Company incurred ground lease expense included in other expense of \$17,701 and \$7,156 during the years ended December 31, 2014 and 2013, respectively.

As of December 31, 2014, the Starbucks/Verizon property is subject to a ground lease which terminates in 2022. The ground lease requires the Company to make a fixed annual rental payment and includes escalation clauses and renewal options. The Company incurred ground lease expense included in other expense of \$91,045 and \$23,226 during the years ended December 31, 2014 and 2013, respectively.

Future minimum lease payments due under the ground lease, including applicable automatic extension options, are as follows (unaudited):

	For the Years Ended December 31,
2015	\$ 77,000
2016	77,000
2017	77,000
2018	77,000
2019	77,000
Thereafter	498,000
	<u>\$ 883,000</u>

Insurance

The Company carries comprehensive liability, fire, extended coverage, business interruption and rental loss insurance covering all of the properties in its portfolio under a blanket insurance policy, in addition to other coverages, such as trademark and pollution coverage that may be appropriate for certain of its properties. Additionally, the Company carries a directors', officers', entity and employment practices liability insurance policy that covers such claims made against the Company and its directors and officers. The Company believes the policy specifications and insured limits are appropriate and adequate for its properties given the relative risk of loss, the cost of the coverage and industry practice; however, its insurance coverage may not be sufficient to fully cover its losses.

Concentration of Credit Risk

The Company is subject to risks incidental to the ownership and operation of commercial real estate. These risks include, among others, the risks normally associated with changes in the general economic climate, trends in the retail industry, creditworthiness of tenants, competition for tenants and customers, changes in tax laws, interest rates, the availability of financing and potential liability under environmental and other laws.

The Company's portfolio of properties is dependent upon regional and local economic conditions and is geographically concentrated in the Northeast, Mid-Atlantic, Southeast and Southwest, which markets represented approximately 3%, 20%, 64% and 13%, respectively, of the total annualized base rent of the properties in its portfolio as of December 31, 2014. The Company's geographic concentration may cause it to be more susceptible to adverse developments in those markets than if it owned a more geographically diverse portfolio. Additionally, the Company's retail shopping center properties depend on anchor stores or major tenants to attract shoppers and could be adversely affected by the loss of, or a store closure by, one or more of these tenants.

7. Commitments and Contingencies (continued)

Regulatory and Environmental

As the owner of the buildings on our properties, the Company could face liability for the presence of hazardous materials (e.g., asbestos or lead) or other adverse conditions (e.g., poor indoor air quality) in its buildings. Environmental laws govern the presence, maintenance, and removal of hazardous materials in buildings, and if the Company does not comply with such laws, it could face fines for such noncompliance. Also, the Company could be liable to third parties (e.g., occupants of the buildings) for damages related to exposure to hazardous materials or adverse conditions in its buildings, and the Company could incur material expenses with respect to abatement or remediation of hazardous materials or other adverse conditions in its buildings. In addition, some of the Company's tenants routinely handle and use hazardous or regulated substances and wastes as part of their operations at our properties, which are subject to regulation. Such environmental and health and safety laws and regulations could subject the Company or its tenants to liability resulting from these activities. Environmental liabilities could affect a tenant's ability to make rental payments to the Company, and changes in laws could increase the potential liability for noncompliance. This may result in significant unanticipated expenditures or may otherwise materially and adversely affect the Company's operations. The Company is not aware of any material contingent liabilities, regulatory matters or environmental matters that may exist.

Litigation

The Company is involved in various legal proceedings arising in the ordinary course of its business, including, but not limited to commercial disputes. The Company believes that such litigation, claims and administrative proceedings will not have a material adverse impact on its financial position or its results of operations. The Company records a liability when it considers the loss probable and the amount can be reasonably estimated.

On July 10, 2008, one of the Company's subsidiaries, Perimeter Associates, LLC ("Perimeter"), sued a tenant for breach of contract, guaranty of the contract and fraud related to an executed lease. In response, on August 22, 2008, the defendant filed a counterclaim against Perimeter for breach of contract, unjust enrichment and fraud. On April 8, 2013, the court found in favor of the defendant and assessed damages against Perimeter in the amount of \$13,300. On or about May 8, 2013, Perimeter appealed the judgment of the lower court to the Oklahoma Supreme Court. Subsequent to the initial judgment, the defendant's attorney applied to the court to be reimbursed for approximately \$368,000 in legal fees incurred by the defendant during litigation. On July 9, 2013, the lower court awarded the defendant approximately \$267,000 of the defendant's legal fees. Perimeter amended its appeal with the Oklahoma Supreme Court to include the issue of the award of legal fees. The Company has posted bonds for both judgments and has accrued for the judgments in the financial statements. The Company will continue to vigorously litigate the issues raised upon appeal.

On May 22, 2013, WHLR-HPA-1, LLC, ("Harp's"), a subsidiary of the Operating Partnership that owns the Trust's Harps at Harbor Point ("Harp's Food Store") and Harbor Point properties, filed suit against Crossland Heavy Contractors ("Crossland") for equitable relief to divide a mechanic and materialmen's lien ("Lien") of approximately \$856,000 filed on three properties which includes the Harp's Food Store property and two adjacent properties owned by affiliates of the Trust. Crossland subsequently filed a counterclaim adding the Trust, among others, as a defendant to the case. The Lien relates to cost overruns incurred by Crossland during the construction and development process that occurred prior to the Trust acquiring the Harp's Food Store property. On October 22, 2013, the parties reached a settlement whereby it was agreed that the Lien would be paid in full by November 22, 2013. Since the Lien related to construction and development costs incurred prior to the Trust acquiring the property, the affiliated parties that developed the property intended to fully satisfy the Lien, resulting in no liability to the Trust. However, since there was no evidence that the affiliated parties had finalized their funding sources to satisfy the Lien, management concluded that the appropriate treatment was to accrue the \$856,000 in the September 30, 2013 financial statements. On January 31, 2014, Crossland removed the lien as the affiliates of the Trust fulfilled their obligation to pay the Lien. Accordingly, the accrual was reversed as of December 31, 2013 since the Lien was satisfied without liability to the Trust and the 2013 financial statements had not been issued when the Lien was released.

8. Related Party Transactions

Mr. Wheeler, when combined with his affiliates, represents the Company's largest stockholder. Prior to the October 24, 2014 acquisition, the Operating Companies and their affiliated companies provided administrative services to the Company, including management, administrative, accounting, marketing, development and design services. Pursuant to the terms of the Company's administrative services agreement with WHLR Management, responsibilities included administering the Company's day-to-day business operations, identifying and acquiring targeted real estate investments, overseeing the

management of the investments, and handling the disposition of the real estate investments. In addition to the Operating Companies, the Company also benefits from Mr. Wheeler's affiliates that specialize in other real estate investment activities, including (i) Wheeler Capital, LLC, a capital investment firm specializing in venture capital, financing, and small business loans, (ii) Site Applications, LLC, a full service facility company, equipped to handle all levels of building maintenance, (iii) Wheeler Construction, LLC, a construction management company and (iv) TESR, LLC, a tenant relations company, serving as a liaison between property management, lease administration and leasing and working to provide information on the health and fiscal viability of each tenant.

Prior to being acquired in October 2014, Wheeler Interests leased the Company's Riversedge property under a 10-year operating lease expiring in November 2017, with four five year renewal options available. The lease required monthly base rent payments of \$24,000 and provided for annual increases throughout the term of the lease and subsequent option periods. Additionally, Wheeler Interests reimbursed the Company for a portion of the property's operating expenses and real estate taxes.

The following summarizes related party activity as of and for the years ended December 31, 2014 and 2013. The amounts disclosed below reflect the activity between the Company and the Operating Companies through the date of acquisition. All amounts subsequent to the acquisition date have been eliminated in consolidation.

9. Subsequent Events

Acquisition of Laskin Road Land

On January 9, 2015, the Company completed its acquisition of 0.47 acres of undeveloped land located on Laskin Road, in Virginia Beach, Virginia ("Laskin Road") for a contract price of \$1,644,000. The Company acquired Laskin Road for future development opportunities. The Company paid cash of \$150,000 with the \$1,494,000 balance of the contract price to be paid on the earlier of the one year anniversary of the acquisition or the completion of any development activities. The number of units issued will be determined using the Company's Common Stock closing price on the day prior to issuance.

Acquisition of Pierpont Centre

On January 14, 2015, the Company completed its acquisition of Pierpont Centre, a 122,259 square foot shopping center located in Morgantown, West Virginia ("Pierpont Centre") for a contract price of \$13.89 million, paid through a combination of cash and debt. Pierpont Centre is currently 100% leased and its major tenants include GNC, Hallmark, Michael's, Ruby Tuesday and Outback Steakhouse.

Butler Square Contract

On February 9, 2015, the Company, through WHLR-Butler Square, LLC, a wholly-owned subsidiary of the Operating Partnership, entered into an agreement to purchase Butler Square, an 82,400 square foot shopping center located in Mauldin, South Carolina, for \$9.4 million. Butler Square is 100% occupied and includes Bi-Lo and Dollar Tree as tenants. The Company expects to close the acquisition in the second quarter of 2015.

Beaver Ruin Village Contract

On March 11, 2015, the Company, through WHLR-Beaver Ruin Village, LLC, a wholly-owned subsidiary of the Operating Partnership, entered into an agreement to purchase Beaver Ruin Village, an 74,038 square foot shopping center located in Lilburn, Georgia ("Beaver Ruin Village") for \$12.35 million. Beaver Ruin Village is 95% occupied, shadow

anchored by a Kroger grocery store, and includes Chase Bank and T-Mobile as tenants. The Company expects to close the acquisition in the second quarter of 2015.

Series C Preferred Stock Raise

On March 19, 2015, the Company entered into securities purchase agreements dated as of March 19, 2015 (the “Securities Purchase Agreements”), with certain accredited investors (the “Investors”), pursuant to which, among other things, the Company sold an aggregate of 93,000 shares of Series C Mandatorily Convertible Cumulative Perpetual Preferred Stock, liquidation value \$1,000 per share (the “Series C Preferred Stock”), in a private placement (the “Private Placement”) to the Investors in exchange for aggregate consideration of \$93,000,000, consisting of \$90,000,000 in cash and \$3,000,000 in debt reduction. Each share of Series C Preferred Stock was sold to the Investors at an offering price of \$1,000 per share. The Company expects to use the net offering proceeds to acquire properties and for general working capital.

From March 19, 2015 until June 18, 2015, the holders of Series C Preferred Stock are entitled to receive, when, and if authorized by the Company’s board of directors and declared by the Company out of legally available funds, a dividend, on an as converted basis, that mirrors any dividend payable on shares of Common Stock and also will be entitled to share in any other distribution made on the Common Stock on an as converted basis (other than dividends or other distributions payable in Common Stock). Any dividends or other distributions on the Series C Preferred Stock during this time period will be paid, on an as converted basis, *pro rata* from the date of issuance.

In addition, for the period beginning on and including June 19, 2015, but only to the extent that the Series C Preferred Stock remains outstanding and subject to the preferential rights of holders of any shares of senior capital stock of the Company, each share of the Series C Preferred Stock will bear a dividend, when and as authorized by the Board of Directors of the Company, equal to the excess, if any, of (i) 15.0% per annum, minus (ii) any dividend or other distribution payable by the Company on the Series C Preferred Stock pursuant to the previous paragraph in respect of the applicable quarterly period. Such dividends shall be cumulative from June 19, 2015 and shall be payable quarterly in arrears on or before July 15th, October 15th, January 15th and April 15th of each year or, if not a business day, the next succeeding business day. If the Series C Preferred Stock is converted to Common Stock prior to June 19, 2015, then no additional dividends will be payable on the Series C Preferred Stock.

The Series C Preferred Stock will automatically convert into shares of Common Stock on the fifth business day following the approval by the requisite holders of the Common Stock of the conversion of the Series C Preferred Stock into Common Stock and the issuance of Common Stock upon such conversion. Each share of Series C Preferred Stock shall convert into that number of shares of Common Stock equal to (i) the sum of the stated value and all accrued and unpaid dividends thereon, divided by (ii) the conversion price of \$2.00 per share, subject to adjustment.

The Series C Preferred Stock is redeemable by the Company, in whole or in part at any time and from time to time, at a redemption price per share of the Series C Preferred Stock equal to (i) if the redemption occurs on or prior to the first anniversary of the issuance of the Series C Preferred Stock, the greater of (A) 105% of the liquidation preference plus all accrued and unpaid dividends, and (B) 105% of the value of that number of shares of Common Stock into which such share of Series C Preferred Stock would have been convertible immediately prior to the day fixed for redemption, which value shall be calculated on the volume weighted average price of the Common Stock for the 20 trading days prior to the day fixed for redemption; or (ii) if the redemption occurs after the first anniversary of the issuance of the Series C Preferred Stock, the greater of (A) 100% of the liquidation preference plus all accrued and unpaid dividends; and (B) 100% of the value of that number of shares of Common Stock into which such share of Series C Preferred Stock would have been convertible immediately prior to the day fixed for redemption, which value shall be calculated on the volume weighted average price of the Common Stock for the 20 trading days prior to the day fixed for redemption.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002**

I, Jon S. Wheeler, certify that:

1. I have reviewed this annual report on Form 10-K of Wheeler Real Estate Investment Trust, Inc.;
 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
